CARNOISSEUR

Fine Tuning®

CARNOISSEUR *Franchises*

OUR ADVANTAGE

As an established business within the motor trade, the Carnoisseur franchise concept offers far greater prospects than trying to 'go it alone.' With the help of a comprehensive franchise support package, our unique retail shops are easy to operate, manage and promote. The Carnoisseur package provides assistance in the following areas:

MARKETING

Marketing always plays an important role in the development of a business. To create maximum market potential, regular national advertising will support your business on an ongoing basis. Quality promotional material including point of sale literature, brochures and the Carnoisseur catalogue will also be supplied as part of the marketing package.

TRAINING

Our comprehensive training programme is designed to cover all aspects of retail considered vital to your success. The course teaches sales and management skills and imparts a thorough knowledge of the Carnoisseur operation.

PRODUCT SUPPLIES

Carnoisseur has already developed a strong alliance with major suppliers within the motor trade. As a result, a fast supply of merchandise at highly competitive rates can be guaranteed for both you and your customers. We also keep abreast of innovative new products and latest market developments to ensure our range of car accessories remains unbeatable.

SUPPORT CATALOGUE

With a circulation currently exceeding 150,000, the glossy Carnoisseur catalogue is a powerful marketing tool for promoting both franchise operations and sales of accessories.

With the help of a comprehensive franchise support package, our unique retail shops are easy to operate, manage and promote.

FINANCE

The cost of opening a typical Carnoisseur shop is approximately £40,000 including stock, shopfittings, training etc. An initial investment of approximately £15,000 is required and Carnoisseur offers assistance in arranging the balance through one of the major clearing banks.

FRANCHISE LOCATION

Carnoisseur is also able to assist you with the selection and location of your shop.

DESIGN AND PLANNING

Once lease contracts and planning consents have been arranged, our interior designers will propose a full shopfitting specification and design layout reflecting the Carnoisseur corporate identity that has already proved so successful.

THE FRANCHISE PARTNERSHIP

Carnoisseur offers an opportunity for independence and profitability but the ultimate success of any business is determined by the commitment of its owner. Such a commitment is forged by a desire for success, personal accomplishment and job satisfaction. We are confident that Carnoisseur has minimised the risk of business ownership and that our programme is complete and accurate. Operating in a market place little affected by seasonal trends, we strongly believe that Carnoisseur offers a sound business opportunity with excellent profit potential.

From the signing of the franchise agreement we will provide ongoing support to help you achieve your goals. Once you are up and running, regular contact will be maintained through periodic meetings and frequent visits to your shop.

We are always available to offer help and advice since your success and prosperity is important not only to you but also to the future growth of Carnoisseur.

THE FIRST STEP

We recommend you study our catalogue and visit a Carnoisseur shop to gain a broad insight into our unique business operation. If you like what you see and believe you have the ambition, enthusiasm and dedication to run a Carnoisseur Shop, please write to the Franchise Department at Carnoisseur. We will then return a full prospectus giving further details of Carnoisseur franchise opportunities and how you too can benefit from Carnoisseur's continuing success.

To create maximum market potential, regular national advertising will support your business on an ongoing basis.

HARTGE

We can now offer the full range of Hartge accessories from alloy wheels to bodystyling, sports suspension to complete Hartge BMW cars.

Featured on this page are the latest Hartge Classic Wheel and 'Pirelli P' Wheel and Tyre Combinations along with the original 'Design D' Alloy Wheel. Please contact us for the correct fitment for your BMW, or for any other Hartge product.

1 HARTGE CLASSIC ALLOY WHEELS WITH PIRELLI P TYRES

These wheel and tyre combinations have been specifically manufactured for Hartge BMW vehicles. The wheels must initially be supplied complete with these Pirelli Tyres, however if replacement wheels or tyres are required at a later date they can be purchased seperately.

The larger sizes may require modifications to be made to your BMW to ensure perfect fitment. Please contact us for details.

HOCKENHEIM R
2 FROM £99.95

TSW - THE ART OF THE WHEEL

TSW has raced to success becoming the market leader in the UK and one of the fastest growing brands across Europe. Each month, around 80,000 wheels are manufactured from two factories in RSA and these are distributed world-wide. Acclaimed as both a trend setter in the after market, and a leading supplier of original equipment wheels of the likes of Toyota, Mazda and Opel, TSW continues to forge ahead.
All wheels are painted and receive a clear final coat to achieve optimum durability and the finest finish. The wheels are manufactured from the strongest alloys and engineered for maximum strength combined with light weight.

Particular attention has been paid to strength and weight. The chosen design, consisting of several narrow spokes, offers support to the rim while keeping the weight as low as possible. For this reason these spokes are hollow (see photo). It must be noted that the weight saved by this method, guarantees a great advantage over any other method of weight saving.

SPARCO Wheels are available in White, Silver or Gloss Black finish as shown.

NUTS & BOLTS SETS

For SPARCO Wheels.

140 4314 Bolts (for 4 wheels)	OUR PRICE **£25.00**

Those who tested Wonder Wheels wheel cleaner were impressed -

WONDER WHEELS

(500ml)
263 5726 OUR PRICE **£6.99**

(1000ml)
263 5729 OUR PRICE **£8.99**

In head to head tests with leading brands over the years, Wonder Wheels wheel cleaner has consistently been voted the winner - AUTO EXPRESS Product Honours Award three times in a row and rated No1 by both REVS and WHAT CAR magazines. It continues to out perform the rest making it the most effective wheel cleaner on the market, removing baked-on brake dust and road grime with ease.

Wonder Wheels is the only wheel cleaner to be given a seal of approval and to be recommended by the UK's largest wheel maker, Wolfrace.

It's no real surprise that everyone is so impressed. Well, nearly everyone.

some however, were not.

1 FALKEN ZE-502

2 FALKEN GRB

THE NEW NAME IN PERFORMANCE TYRES

Slam on the brakes and tyre temperatures rocket.

No problem with Falken, because equalized temperature distribution means where some loose their grip, Falken keep their cool. So if you're looking for high performance tyres that can take the heat and, what's more, don't burn a hole in your pocket, look no further than Falken.

FALKEN

1 FALKEN ZE-502

New directional tread pattern designed especially for sports drivers. Available in most original equipment tyre sizes, the ZE-502 has exceptional wet weather aquaplaning performance. Low noise levels plus the latest design tread pattern ensures that this tyre is a winner for all cars requiring a quality sports tyre at a competitive price.

2 FALKEN GRB

This popular high performance tyre incorporates state of the art technology, but at a highly competitive price. Superb grip combined with outstanding wet road braking capabilities ensures that the GRB remains a favourite with sports drivers worldwide. Computer designed directional tread pattern gives a very low noise level.

SPEED RATINGS
H = up to 130mph V = up to 150mph Z = over 150mph

1 YOKOHAMA S1-z

The new Yokohama AVS S1-z is the high performance flagship of the Yokohama range. It has the new Y speed rating for sustained speeds over 270km/h – the highest rating in the world. A new Advanced Response Compound using silicone responds to the extremes of temperature experienced in high performance vehicles whilst a tread pattern which varies with tyre size ensures the ultimate in performance in wet or dry conditions.

2 YOKOHAMA AVS. ADVANCED VEHICLE SYSTEM

Yokohama invite you to experience a world where sport driving has been redefined, the world of Yokohama's Advanced Vehicle System – AVS. AVS was born between the circuit and the street, in a world where speeds beyond 300kph (186mph) are 'ordinary'. AVS tyres aren't just improved street tyres, they are racebred, professional-quality radials specifically designed to bring the performance of the circuit to the street. At last there's a quiet, comfortable tyre that delivers ultra-high performance. That's the AVS design philosophy. At last there's a quiet, comfortable tyre that delivers ultra-high performance.

3 A520

4 A509

3 YOKOHAMA A520

The new Yokohama A520 offers high performance for the true enthusiast. Dynamic block tread design gives superb high speed stability with extreme cornering ability and unrivalled performance in wet or dry conditions.

4 YOKOHAMA A509. HIGH-PERFORMANCE ROAD & COMPETITION TYRE

Race circuit proven to deliver the most advanced high performance radials. Realise your driving potential on Yokohama's A509. Superb high-speed stability, crisp steering response and cornering power designed from the circuit. Redefined for the street.

A series cultivated for the driving experience.

YOKOHAMA

5 YOKOHAMA A510. HIGH-PERFORMANCE ROAD TYRE

A unique tread pattern and profile for an entirely new kind of high performance tyre developed from Yokohama's advanced technology and racing spirit in the global motorsport arena. Now one tyre receives the full benefit – the Yokohama A510.

With the MGP tread pattern that raises performance in the wet with no sacrifice of massive grip in the dry. With four-in-one blocks that dramatically improve cornering performance. And other features, like the FT-410 tread compound that predictably delivers high grip under varying conditions, yet wears tough for a long tread life. It's no ordinary tyre. It's tuned to perform at truly world class levels – it's the innovator.

6 YOKOHAMA A008. ULTRA-HIGH PERFORMANCE ROAD & COMPETITION TYRE

Many radials perform well, but not many can perform as long and hard as the A008. Its tough, steel belted radial construction provides powerful tread support for stable cornering and braking at high speeds.

Full nylon belt covers prevent belt rise, and rigid bead fillers ensure crisper handling and lightning-quick steering response.

The extraordinary performance radial.

The best thing next to alloys

The Fulda high performance tyre range was developed in Germany, Europe's most demanding market and has become the choice for the discerning performance driver.

The extensive range covers all popular original equipment and conversion sizes. Fulda is the only tyre manufacturer in the world to offer a directional pattern tyre in every one of these sizes.

If you fit tyres to your performance car, choose tyres fit for your performance car - Fulda, the best choice all round!

EXTREMO

The newest addition to the Fulda line-up takes directional technology to the 'extreme'. With dynamic good looks and exceptional handling capability, Extremo represents the ultimate choice for today's style conscious, sporting driver.

ASSURO

With a remarkable 20% increase in wet traction and 3% increase in braking performance over its renowned predecessor - the Y2000+, Assuro gives you all the confidence you need to take on the road and win.

Y3000

A tyre that will turn heads as well as corners, the Y3000 features a dynamic, directional tread pattern and a computer designed carcass which equalises all road and rolling stresses for optimum response and handling.

DIRIGO

For high performance motoring at low cost, Dirigo is difficult to beat. Its unique directional tread design maximises on-the-road capability: providing superb levels of grip, control and handling in wet and dry conditions.

WHEEL & TYRE

COMBINATIONS

Carnoisseur offer a massive range of wheel & tyre combinations. They are supplied fully fitted, balanced and ready to bolt on to your vehicle. Contact us for any combination and we will be pleased to quote.

REMEMBER:
This is only an example of our vast range of wheel & Tyre combinations. Please contact us with your exact requirements or for advice. We will be pleased to help.

CARFLOW

1 LOCKING WHEEL NUTS AND BOLTS TRILOCKS

Carflow Trilocks have been carefully designed to provide security for your valuable wheels and tyres, whilst being safe and practical to use.

- Suitable for alloy and steel wheels.
- Fitted in minutes – just replace one nut/bolt per wheel.
- Approved and used by major vehicle manufacturers.
- Lightweight design – no need to rebalance your wheels.
- Corrosion free.
- Over 250 different key combinations.
- Wide range available for virtually all cars.

Trilock Nuts/Bolts (set of 4)
143 1654 OUR PRICE **£19.95**

Please specify car make, model, year and whether for alloy or steel wheels when ordering.

2 WHEEL SPACERS

28 COLOURED REPLACEMENT METAL TYRE VALVES

Easily fitted when replacing wheels or tyres.

Available in Blue, Gold or Red.

Universal Fitment.

(set of 4)

140 4313 OUR PRICE **£15.95**

29 FLUSH FIT TYRE VALVES

Engineered to fit most steel or alloy wheels. Improves the look of expensive alloys. Supplied in sets of four with an adaptor for tyre inflation.

(set)

140 4310 OUR PRICE **£17.95**

30 PRO CAPS WITH KEY RING

Complete set of Anodised Valve Cap Covers with key ring spanner. Available in Silver, Red, Blue, Purple and Gold.

(set)

330 6078 OUR PRICE **£12.99**

31 NEW ACCUTIRE ELECTRONIC TYRE PRESSURE GAUGE IMPROVES YOUR DRIVING

- Better Tyre Wear!
- Better Fuel Economy!
- Better Performance and Handling!
- Safer Driving!

ACCUTIRE FEATURES

- 0-150 psi
- Audible 'beep' measurement
- Touch button operation
- Durable, high impact ABS design
- Factory sealed reliability
- Large, easy to read display

Lifetime Lithium Battery Installed

141 1007 OUR PRICE **£14.95**

32 REPLACEMENT METAL TYRE VALVES

The finishing touch for your alloy wheels. Easily fitted when replacing wheels or tyres. Universal fitment.

Eibach SPRINGS

1 EIBACH ANTI-ROLL BAR KITS

Combine these anti-roll bar kits with the Eibach spring kits (see page 38) for the ultimate handling. Even without the springs they give an excellent balance between oversteer and understeer. Ideal for the performance car enthusiast.

See application table for details.

2 EIBACH ALLOY STRUT BRACES

Beautifully made alloy strut braces.

See application table for details.

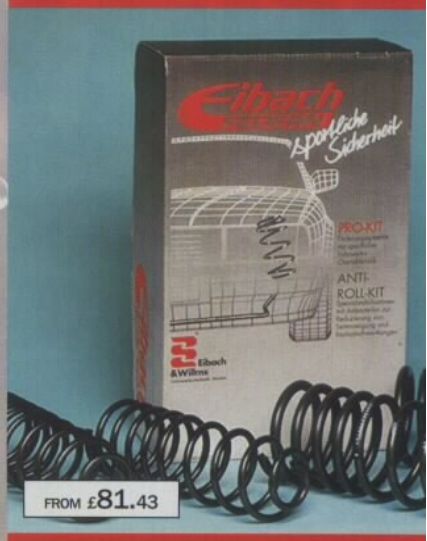
EIBACH

When it comes to performance cars, the principle is simple – they should be able to go, stop and handle better than their run-of-the-mill counterparts.

Roadholding is governed by the performance of three main suspension components: the springs, shock absorbers and anti-roll bars. Springs support the weight of the vehicle and affect roll resistance and pitch. The shock absorbers' main function is to dampen unwanted spring oscillations. Anti-roll bars reduce body roll and pitching.



Eibach have used their considerable experience in European motorsport to produce a range of anti-roll bars specifically for the serious performance car enthusiast. Their precisely matched (and TUV approved) front and rear anti-roll bars create an accurately honed suspension, giving race bred performance with the optimum balance of understeer and oversteer. As you would expect from a German company, every component is designed, researched and tested with the utmost thoroughness. And, in conjunction with Eibach's Pro-kit lower suspension packages, the anti-roll bars offer you even better performance.

EIBACH LOWERING SPRINGS

Eibach built an enviable reputation for supplying very high quality springs to many of the world's leading motorsport teams.

We offer Eibach 'Pro Kits' – progressive rate lowered springs for road use. See table for applications and prices.

SPAX SUSPENSION KITS

VSX SPORTKIT

- Gives car low "aggressive" appearance.
- Improves handling.
- Lowers car 25mm approx.
- Quality engineered set of Spax Sportsprings and Uprated fixed rate lowered shock absorbers.
- Everything you need to transform the ride and handling of your car.
- Perfectly matched components developed and tested by Spax motorsport engineers.
- 2 years unlimited mileage warranty.
- Applications for most popular cars.
- If your car is not listed please ask.

SPORTSPRINGS

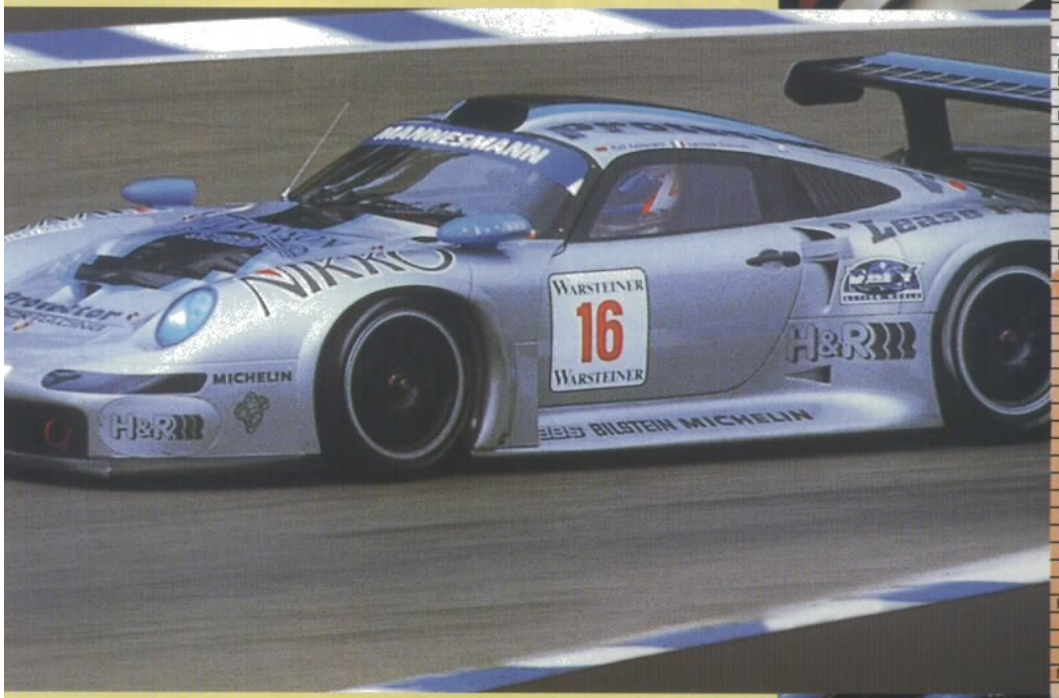
The most comprehensive range of applications available. Spax High Performance top quality lowering/uprated coil springs supplied as a car set are available to suit most vehicles, designed by motorsport engineers to give your car that sporty appearance, lowers the ride and improves the handling. Most kits are TUV Approved, hardened and tempered to specific requirements, shot peened to increase life against stress. Relieved in an infra-red oven then coated with an epoxy polyester powder.

Part No. 148 5549

SPAX®

H&R

SPORTS SPRINGS



Designed & Engineered for each application to give the correct spring rate for the specific vehicle.

- **Low Aggressive Looks**
- **High Performance Handling**
- **Superior Ride Quality**

MAX POWER awards 1998/9 WINNER

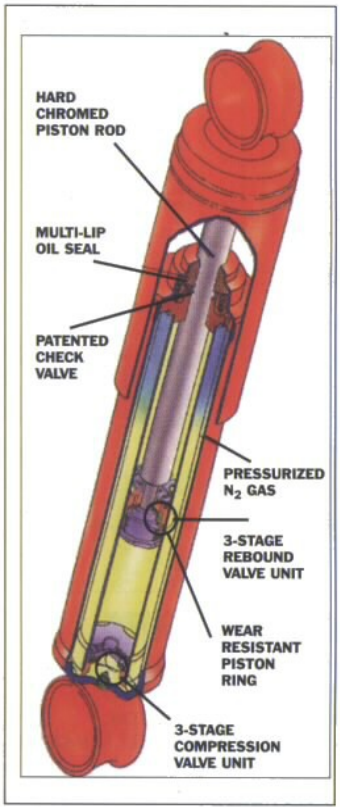
KYB

GAS SHOCK ABSORBERS

Kayaba is one of the world's largest shock absorber manufacturers supplying original equipment as well as replacement shock absorbers. Through the continuous and intensive test programmes on various European roads they have built up a full range of top quality replacement shock absorbers for European and Japanese cars.

KYB GAS SHOCK ABSORBERS

Part Number **145 4121**



These gas shock absorbers combine extremely good value for money with excellent quality.

KYB Gas gives a satin-smooth ride plus the better response only gas shocks can deliver.

Patented valving plus pressurized Nitrogen gas account for riding comfort and at the same time, dramatically reduce the aeration or foaming that commonly occur in conventional shocks and cause performance to start fading, even after only a few minutes in operation. Preferable for the customers who want to feel the difference.

KONI SPORT

KONI SPORT SHOCK ABSORBERS

Koni quality is already a legend which is backed up by a two year unlimited mileage warranty. This is an indication of the research, materials and expertise that go into their production process. Not only are Koni the best performance dampers in the world, they also have the largest range. If your car is not listed please call for application and prices.

The Koni sport range is for the true car enthusiast. For lightning acceleration, effective braking, reliable steering at high speeds and extreme driving conditions KONI SPORT are the only dampers to choose.

KONI SPORT dampers for the front of the cars listed are externally adjustable by means of a knob (top adjustable) or pin without removing them from the car. The rear dampers are adjustable but may have to be removed from the vehicle.

KONI SPORT dampers are all finished in bright yellow and in most cases are "gas". The popular vehicles are listed. However, KONI have the largest range of fully adjustable shock absorbers in the world, therefore please enquire if your vehicle is not listed.

KONI EQUIPPED SPORTS SUSPENSION KITS

Complete kit containing set of Lowering Springs and Koni Shock Absorbers. All kits have a 3 year unlimited mileage warranty.

POWERFLEX

Suspension bushes are one of the most highly Stressed components fitted to a motor car. They undergo enormous strain, in the most arduous of conditions with no maintenance or lubrication. Conventional rubber bushes deteriorate with age allowing movement of suspension components and geometry. This can cause tyre wear, braking instability and poor handling.

Powerflex bushes are made from a technologically advanced polyurethane plastic compound. This compound overcomes the common problem associated with harder bushes which is increased noise. By correctly engineering the polyurethane compound, bushes can be made 25-30% stiffer than new rubber bushes, but with exactly the same noise absorbing properties.

SPARCO STRUT BRACES

Most Sparco strut braces are adjustable for length to ensure an accurate fit. Designed for competition use, a strut brace is an ideal tuning part to fit to road cars. By strengthening the front suspension turrets, the suspension geometry is kept stable by reducing movement of the inner wings, increasing road holding and reducing tyre wear. Most strut braces are designed to fit onto the original suspension mounts (it may be necessary to reposition certain components on some vehicles when fitting strut braces).

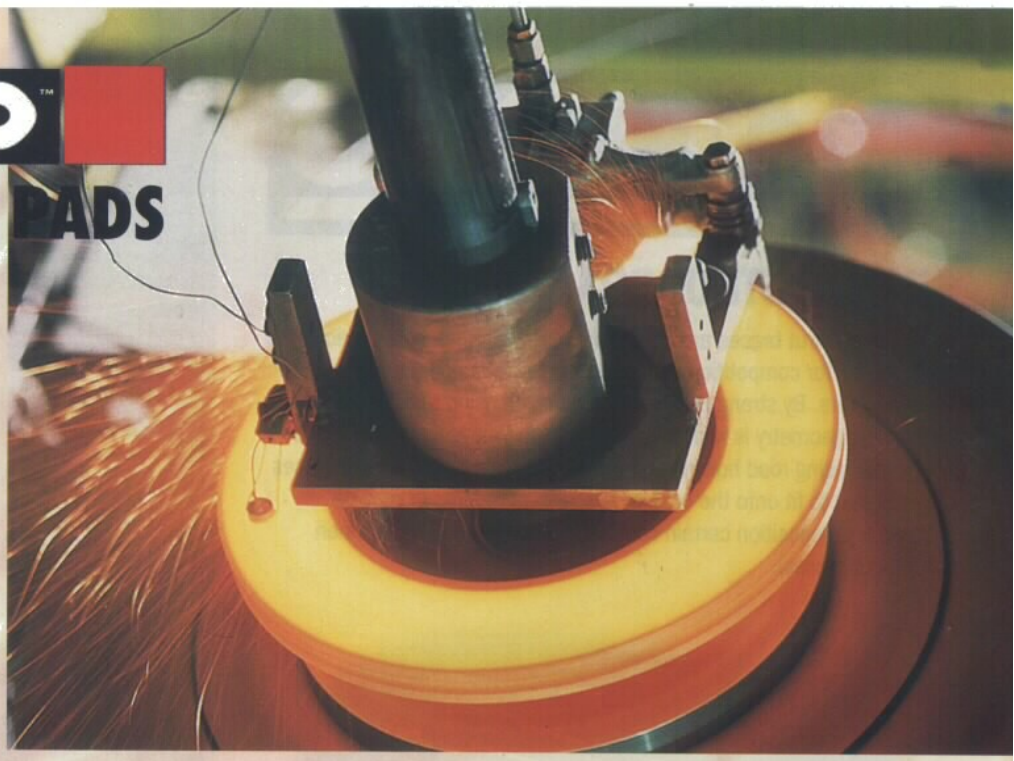
FERODO™

DS2000 BRAKE PADS



1 FERODO DS2000 BRAKE PADS

Introducing the Millennium DS2000 range of high performance brake pads.

Designed for the driver who demands the ultimate in braking performance, DS2000 provides a level of performance normally associated with racing cars – all without the need to build up and maintain high operating temperatures. With DS2000, low and high speed braking efficiency, reduced stopping distances and consistent brake pedal feel are yours from cold – first time every time. DS2000 is the drivers choice for safe high performance braking.

All pad sets are supplied in sets of 4, ready to fit. They are suitable for use with C.A.R., Tar.Ox, Brembo and all original equipment discs. Pad sets also available for many vehicles not listed and for rear brakes, please enquire for details.

PERFORMANCE BRAKE DISCS

CAR

1 CAR PERFORMANCE BRAKE DISCS

These Italian grooved and drilled discs are tested in order to obtain a greater efficiency of the braking system. They allow quicker cooling and the fading process is greatly reduced.

These brake discs guarantee higher safety in every day and performance driving conditions.

Supplied in pairs and available for most performance cars as listed.

2 POWER STOP PERFORMANCE BRAKE KITS

These kits comprise of a pair of CAR performance brake discs complete with a set of FERODO DS 2000 Brake Pads. A susbstantial saving is made by purchasing the discs and pads in this way.

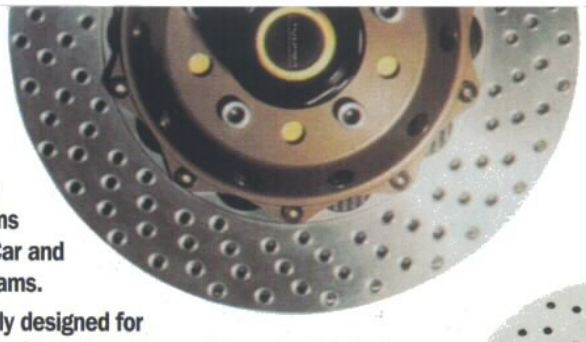
BREMBO GOLD

Brembo cross-drilled brake discs are developed by the same engineers responsible for producing braking systems used by Formula One, Indy Car and World Championship rally teams.



Each brake disc is individually designed for each application and subjected to exhaustive quality and safety tests. Brembo's advanced design ensures it's cross-drilled discs are hard-wearing and give superior braking performance.

No modifications are required when fitting Brembo Gold cross-drilled discs as they are a direct replacement for the original equipment brake discs. It is recommended that FERODO brake pads are fitted to complement the Brembo Discs to provide optimum performance (see page 52 for details).

FOLIATEC

BRAKE CALIPER LAQUER

1 BRAKE CALIPER LACQUER

- Dynamic, eye-catching appearance.
- 2 component lacquer.
- Corrosion, heat and oil resistant.
- Highly resistant to abrasion, excellent bonding.
- Easy application.

Set includes Spray cleaner, Brake Calliper Lacquer, hardener. Available in Red, Yellow, Racing Blue, Black, Silver and Gold.

204 2528 OUR PRICE **£19.95**

2 BRAKE CLEANER

Hycote Brake Cleaner provides speedy and effective removal of dirt, grease, brake fluid, brake and clutch lining dust from clutches, brake drums, shoes, discs and callipers.

400ml
171 1239 OUR PRICE **£4.95**

3 AUTOMEC SILICONE DOT 5 BRAKE & CLUTCH FLUID

THE ULTIMATE IN BRAKE FLUID TECHNOLOGY

Developed and tested rigorously over many years. Automec's Silicone Brake Fluid complies fully with FMVSS 116, ISO 4925 and the latest D.O.T.5 specifications.

UNIQUE PROPERTIES

Non-Hygroscopic: unlike conventional fluids (which ideally should be changed each year).

Automec's Silicon Brake Fluid does not attract or absorb water vapour. This eliminates brake component corrosion and loss of braking efficiency through vapour lock.

Non-Corrosive: does not harm paintwork nor does it have any harmful or corrosive effect on rubber seals, plastics or metals in the braking system.

Complete with tie on tag which can be secured to fluid reservoir to guard against the accidental topping up with the wrong fluid.

250ml

GOODRIDGE

BRAIDED BRAKE LINE KITS

Goodridge Braided Brake Hose kits are available to suit most models of car. Kits feature the finest quality hose, consisting of a PTFE inner with a steel outerbraid. This eliminates the spongy pedal feel under arduous conditions, giving greater braking efficiency as well as providing superior resistance to abrasion and corrosion.

TAR•OX

Performance Brake Discs and Pads

The original Tar•Ox manufactured in Italy to exacting standards. Two versions of the discs are available. Sport Japan with drilled and slotted finish and G88 with 40 grooves.

1 TAR•OX SPORT JAPAN

This includes the combined drilled and slotted discs alternated on the disc face. The result is improved heat dissipation and reduced brake fade. Supplied in pairs.

SPORT JAPAN

G88

2 TAR•OX G88

High performance discs with 40 grooves machined onto the braking surface. This deglazes the pad and expels gasses that build up between the disc and pad during braking. As a result brake fade is significantly reduced. The slotted disc also dissipates heat more effectively, thus reducing the risk of disc deformation, vibration or cracking under the extreme operating temperature. These discs are ideal for competition use or where fast road conditions allow. Supplied in pairs.

3 TAR•OX PADS

Pads for road use available for most applications and have the advantage of reducing braking noise whilst providing gradual and uniform wear. Supplied in sets.

STAINLESS STEEL PERFORMANCE EXHAUSTS

- Hand crafted from the highest quality T304 aircraft specification stainless steel.
- Enhances gas flow and reduces back pressure.
- TIG & MIG welded construction.
- Straight through silencer construction.
- Fits as direct replacements. • Limited Lifetime Guarantee.

jetex®

JETEX EXHAUST SYSTEMS AND BACK BOXES

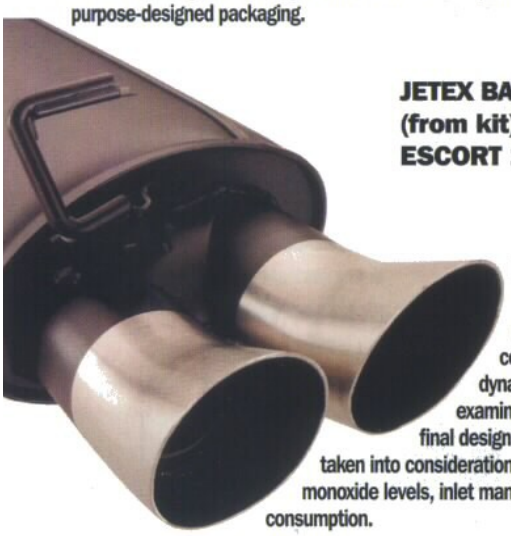
TECHNOLOGY, QUALITY, PEFORMANCE, WITH A SOUND THAT CALLS THE TUNE JETEX SYSTEMS AT A GLANCE:

- Swedish high-quality steel.
- Reduction in back pressure – up to 82% for some applications.
- Professional design.
- Pleasant exhaust note.
- Improved output compared with standard systems.
- Easy to assemble.
- Complete systems (unless original front pipe is indicated) with fitting kits.
- 12 months guarantee.
- Every Jetex system is boxed.

Jetex have introduced a range of performance exhausts which meet the EEC type approvals. Designs include an engineered front pipe to increase torque in the low and mid-range (no need to change the manifold) and for cars with catalyst converters Jetex have suitable exhausts available.

Jetex Exhaust Systems are manufactured in Sweden. Production takes place in a new purpose-built factory.

With Jetex Exhaust Systems the engineers have concentrated on solving a number of technical problems. A thorough programme of testing performance, fuel economy, noise and exhaust levels as well as back pressure (to name a few) have provided answers which give advantages in all of these areas, combined with durability and purpose-designed packaging.



JETEX BACK BOX (from kit) ESCORT 1.6, 1.8

PERFORMANCE

Performance testing is carried out using computerised chassis dynamometers theories to be examined before deciding on the final design. Other important factors taken into consideration are back pressure, carbon monoxide levels, inlet manifold temperature and fuel consumption.

NOISE LEVELS

It is a common misconception that sport systems automatically mean more noise. With Jetex designs the noise levels are always below the legal maximum, and comply with the officially approved noise levels for motor vehicles.

Systems Part No. 153 2212

Back Boxes Part No. 154 6062

JETEX 4 INCH TAILPIPE

1 £34.50

1 4 INCH BIG-BORE TAILPIPE

Converts your 2" pipe to 4" pipe.

FITMENT GUIDE

H = SYSTEM FITS TO STANDARD PIPEWORK

K = SYSTEMS FITS TO STANDARD MANIFOLD

TAIL PIPE DESIGNS

SR = SINGLE ROUND (DIAMETER 70, 80 AND 100mm)

TR = TWIN ROUND (DIAMETER 70 OR 80mm)

SO = SINGLE OVAL (90x70mm)

TO = TWIN OVAL (90x70mm)

DTM = DTM TWIN UPSWEPT STYLE

JETEX BACK BOX TWIN ROUND GOLF MK3

PRECISION BUILT STAINLESS STEEL BACK BOXES

- Internals made from 409 quality stainless steel – simply cannot rust through.
- Tailpipes made from chrome plated 321 stainless steel – non bluing, no tarnishing.
- More Torque.
- Improved Performance.
- Rotational Flow System.
- Limited Lifetime Warranty.

At last a stainless steel backbox that has everything it needs to carry the Jetex name.

TOP QUALITY MATERIALS

Stainless Steel 409 for the tubing and silencer body, black powder coating, reinforced brackets, chromed stainless steel tailpipes and the revolutionary "Rotational Flow" system to reduce back pressure for more power and torque!

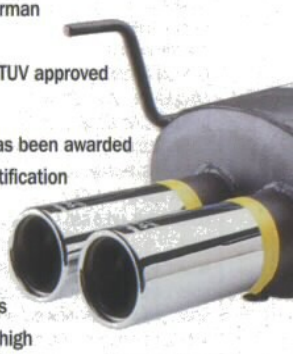
SUPERSPRINT EXHAUSTS

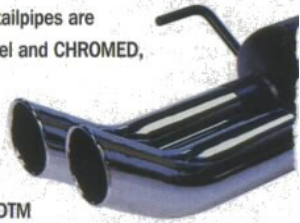
Supersprint hit the UK two years ago and have established themselves as the highest quality exhausts available. Originally designed and tested for the discerning German market they produce fully TUV approved silencers.



The factory has been awarded ISO 9002 certification which is awarded only to manufacturers meeting very high quality specifications.

The pipework and internals are made from stainless steel and to ensure strength, efficient heat transfer, and a throaty sports sound, the outer covers are made from heavy gauge aluminised steel. The result is an exhaust you will be proud to have on your car which will give excellent improved power results over a wide range of r.p.m.

Supersprint tailpipes are stainless steel and CHROMED, this gives a perfect finish which is long lasting. The DTM TAILPIPES are really special with rolled ends and formed (not welded) bends with good uplift.

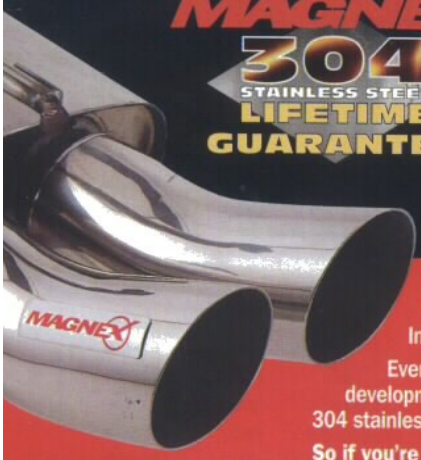


A WRITTEN GUARANTEE FOR THREE YEARS

Innards and pipes of stainless steel and casing of heavy duty aluminised steel giving exciting sound combined with long life.

MAGNEX 304 STAINLESS STEEL LIFETIME GUARANTEE

MAGNEX PERFORMANCE EXHAUSTS



Recognition of Magnex quality is endorsed by Aston Martin and TVR sports cars who rely on Magnex expertise for their original equipment exhausts. If you have followed one of these machines you will have heard enough already!

In the split second world of motor sports top touring car and rally teams come to Magnex to get their wheels spinning.

Everyone knows however, there is no smoke without fire. Each new Magnex product undergoes intensive research and development to achieve your exacting requirements. Guaranteed power, style, sound and quality, all manufactured in high grade 304 stainless steel with the latest tailpipe designs, a perfect fit and backed by a lifetime guarantee.

So if you're going to shout about performance make sure you've got Magnex behind you!

PECO EXHAUSTS

1 PECO BIG BORE 1

A range of low cost rear boxes for the cost conscious enthusiast. Finished in black hammer paint all silencers are fitted with stainless steel tailpipes and carry a 2 year unlimited mileage warranty. (Tailpipe 3 inch diameter.)

2 PECO BIG BORE 2

High performance, direct replacement exhaust parts, designed to meet the performance and acoustic requirements of the 90s. Large 3 inch polished stainless steel tail sections act as secondary silencers and are complimented by stainless internals and a green hammer paint finish to ensure long service life. Available with twin pipes for certain vehicles (see application list opposite). The unlimited mileage warranty is for 2 years.

3 POWERMASTER

The all new Powermaster range feature single and twin 'squared oval' tailpipes, in 2 sizes. 75% Stainless Steel Content. Warranty 3 years – unlimited mileage.

4 PECO BIG BORE 4

The latest range of rear sliencers for the true enthusiast. Extra large 4 inch stainless steel tailpipe gives the silencer an aggressive look. 2 years unlimited mileage warranty. (See application list opposite for your vehicle.)

5 DTM

DTM is a new range of direct replacement silencers with 3 inch upswept polished stainless tail pipes styled to meet the latest demands giving you an unbeatable look with performance and sound. DTM can be fitted onto Big Bore 2 intermediate pipes or to your standard exhaust system. DTM carries a 2 year unlimited mileage warranty. (See application list opposite for your vehicle.) More applications constantly under development.

Please enquire your vehicle is not listed.

PIPER

PERFORMANCE EXHAUSTS

EVO 3

1 EVO 3 SYSTEMS & BACKBOXES

Third generation mild steel performance exhaust system and backboxes with completely re-engineered internals with extensive use of aluminised and stainless materials for longer life. The same power improvements, great sound and looks combined with 18 month warranty and reduced prices. Incredible value for money.

CHOICE OF TAILPIPE DESIGNS.
See application list for details.

STEALTH STAINLESS

2 STEALTH STAINLESS STEEL BACK BOXES

A new superb range of performance stainless steel back boxes. Manufactured from aircraft quality T304 material incorporating mirror polished tailpipes. Piper's reputation for producing power matched with a lifetime guarantee, great sound and looks at very affordable prices. Choice of tailpipe design. See application list for details.

***GM VARIJET CARBS only require non-standard base-plate.**

159 4524 OUR PRICE **£49.95**

Please state make, model and year of car when ordering. (These filters are designed to fit the original equipment carbs only. Please specify make and model of carb if non-standard.)

8 PIPERCROSS SOCK FILTERS

For use with side draft carbs.
(Weber DCOEs etc)

each
159 4548 OUR PRICE **£12.95**

9 PIPERCROSS BREATHER FILTERS

For use with breather pipes, usually connected to original equipment air boxes. Available polished, anodised Red or anodised Blue.

each
159 4549 OUR PRICE **£10.95**

10 HIGH PERFORMANCE OIL FILTERS

- Hold down to 12 micron particles, 3 times smaller than particles which cause most engine damage.
- Clean engine oil in most car sumps 40 times each hour you drive (5 litre sump).
- Fitted with Anti-Drain Valve when necessary, giving engine vital protection at engine start, when 85% of all engine damage occurs.
- Compatible with new generation Synthetic Oils.
- Unaffected by petrol additives or race fuels.

Available for most cars
170 6103 OUR PRICE **£9.95**

11 PIPERCROSS CLEANER & ADDITIVE KIT

Complete kit comprising of Air Filter Cleaner and Dirt Retention Additive.

159 4550 OUR PRICE **£12.95**

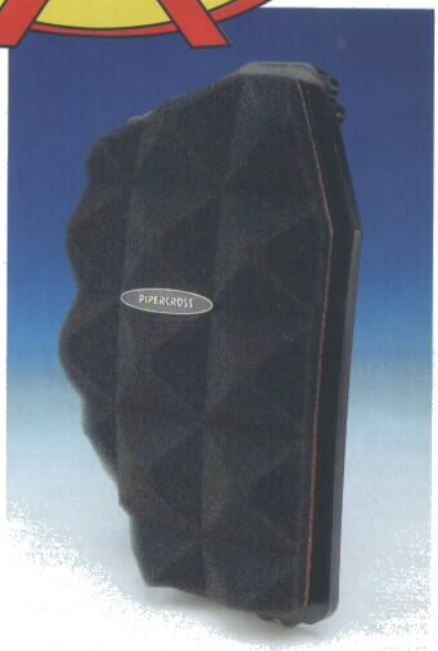
1 PIPERCROSS PERFORMANCE REPLACEMENT AIR FILTERS

Used by leading race teams Pipercross is now the Champions choice, manufactured in multi laminated open call patented reticulated polyurethane foam.

Vortex designed outer surface area will absorb large amounts of airborne dirt particles, while still allowing air to flow freely. World Rally Champions use Pipercross foam air filters.

- Easy to fit.
- Extra Power.
- Maximum Engine Protection.
- Recommended and used by World Champions.

Inner layer/Red foam matrix continues to retain finer dirt particles, so offering maximum engine protection.



PIPERCROSS INDUCTION KITS

2 FROM £42.50

2 PERFORMANCE AIR INDUCTION KITS

Based on our world championship successes, Pipercross now has a full range of Air Filter Induction Kits, incorporating the Pipercross Power Cone Filter.

All Pipercross air induction Kits have a uniquely designed Air Filter Inlet, manufactured from a spun aluminium base, which incorporates a full radius air inlet bell mouth, allowing air to smoothly pass into the engine inlet, so maximising the engines power output.

- Maximised Air Flow and Filtration. • Additional BHP increases.
- Increased Acceleration. • Comprehensive Fitting Kit.

jetex

1 RESPONSE AIR FILTER ELEMENTS

The new 'Response' range of air filters and induction kits have been introduced to complement the Jetex exhaust system range.

Jetex Response systems come pre-oiled and ready to fit. Once fitted they should last the life of the car. They just need cleaning and re-oiling at usual service intervals.

They offer superior dust filtration and around 40% better airflow then a standard paper filter. This of course translates into more power and better performance. Fitting is a simple bolt-on affair, with everything required for the installation included in the kit.
On diesel and turbo-diesel engines no adjustment is required. For petrol engines we recommend having the CO levels adjusted at your local MOT garage after an initial 30 miles run-in period.

Jetex Response Air Filters are available for almost all popular makes and models.

Please state make, model and year when ordering.

2 AIR INDUCTION KITS

In a great many modern cars the route taken by air entering the engine is quite tortuous. From the duct behind the main grill it is piped around numerous bends, required to avoid engine bay obstructions, to the airflow meter and ultimately the throttle body. Each bend creates a restriction which slows the airflow and reduces power.

Jetex air induction kits are designed to replace the original pipe work and simplify the route taken by the air charge. Kits are specific to each make and model, but generally consist of a Response air filter, air flow meter connection and all pipework and fittings required to complete the installation.

2 PIPER PERFORMANCE CAM TIMING BELTS

Now that most cars have belt driven camshafts, everyone should know the importance of changing the belt regularly and keeping it in good condition. A timing belt failure can destroy an engine in a fraction of a second. With a tuned engine the timing belt is even more important. That's why Piper have become the first tuning component manufacturer to offer PERFORMANCE timing belts.

3 PIPER PERFORMANCE CAMSHAFT KITS AND CAMS

A Piper Performance Camshaft kit will typically contain:

- A Piper Performance camshaft.
- A set of cam followers/hydraulic lifters.
- A set of valve springs to suit cam profile.
- A bottle of cam lube.
- A camshaft timing disc.
- Plus any other essential parts for that particular application.

Engine modifications may be needed when fitting these camshafts, please check when installing.

Fast road/Rally cam kit (KBVG285H)	£309.74

4 LE MANS CLASSIC AIR FILTERS

British made high performance air filters for most cars. Renowned for their mirror-like chrome finish, they are more compact than standard filters and provide greater access to the engine bay. Fitted with a fire-retardant washable foam element to achieve a much improved air flow.

Supplied specifically for your carburettor in either round, D-shape or rectangular shape.

Suitable for SU, Stromberg and Weber DCOE & DCD. Please state make, model and year of vehicle when ordering and type a carburettor fitted.

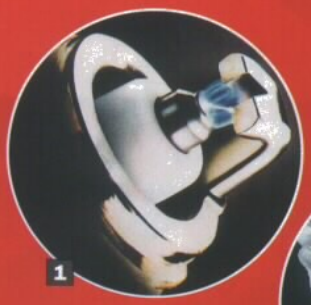
WARNING: EXPLOSIVE DEVICE



1 SPLITFIRE SPARK PLUG'S

SplitFire Spark Plug's patented design clearly distinguishes it from the other plugs. SplitFire's open split on the ground electrode better exposes the spark to the incoming air/fuel mixture even if the spark occurs on the backside of the electrode. Further, the resulting flame kernel is not blocked by the ground electrode as in other plugs. The flame kernel not only travels sideways, but can also travel upwards through the v-notch into the combustion chamber. This allows for a larger and quicker flame development. Experts say the result is improved combustion of the air/fuel mixture as seen in better power, mileage and reduced emissions.

177 5367 OUR PRICE **£6.94**

SplitFire®

THE PATENTED PERFORMANCE SPARK PLUG

LIMITED LIFETIME PERFORMANCE REPLACEMENT WARRANTY

Only Splitfire offers a limited lifetime performance warranty. Should a Triple Platinium plug or Twin Cone lead ever fail, we will replace it with a new one absolutely FREE.

2 SPLITFIRE³ TRIPLE PLATINUM

Three reasons to let SplitFire revolutionise your engine.

SplitFire is the only spark plug with 3 points of platinum, this virtually eliminates electrode wear to greatly extend SplitFire³ plug performance and life.

As with the standard SplitFire plug the patented "V" groove ensures a more complete combustion of the fuel charge in the cylinder. The platinum tipped SplitFire³ requires even less voltage to fire across the entire rev range. Because each plug caters for your engine's individual heat range requirements more fuel is turned into power and not wasted in partially burned, emission causing exhaust.

177 5379 OUR PRICE **£8.95**

3 SPLITFIRE PERFORMANCE TWIN CORE IGNITION LEADS

This patented twin core design has two magnetic cores each with triple silicone projection, providing a dual firing path to each plug. This gives up to 15 times more power than original leads. Improves performance and reduces fuel consumption. Fully suppressed. Made to original equipment specifications.

RCM

DTM style corner splitters are a race proven design. Available in black which can be easily painted ot match the existing colour of your car or in carbon look which requires no painting. 5 sizes available which fit most cars. Attach directly to the bottom of the front bumper or use the fixing brackets to find another mounting position. It is necessary to shape the rear of the splitter to suit your vehicle. Full instructions included complete with 2 front strut supports, locking nuts and support brackets plus a leading edge protector.

QUAD 4 HEADLAMP CONVERTERS

Moulded in high impact ABS, these covers fit tightly over your existing headlight units and are simply and securely held in place with Velcro tags. The quickest, easiest and cheapest way to dramatically alter the frontal appearance of your car.

Standard black finish can be sprayed to match existing car colour.

Now also available in Carbon Look.

FARAD

1 ROOF SPOILER

New universal roof spoiler to fit most hatchbacks. This spoiler is manufactured from injection moulded ABS and simply bonds on to the top of the rear windscreen. A new specially developed adhesive is provided with a selection of fitting legs so you can fit this spoiler to almost all hatchback vehicles.

- High quality – injection moulded ABS.
- Universal fit – fits most hatchback cars.
- Easy DIY fitment – complete fitting kit supplied.
- Ready to paint – only needs priming (if required).
- Ultra light – under 1kg.
- TUV Approved.
- 3 versions available (with and without lights – see below).

Plain Black (no brake light)

302 7169 OUR PRICE **£49.99**

Spoiler with Brake Light.

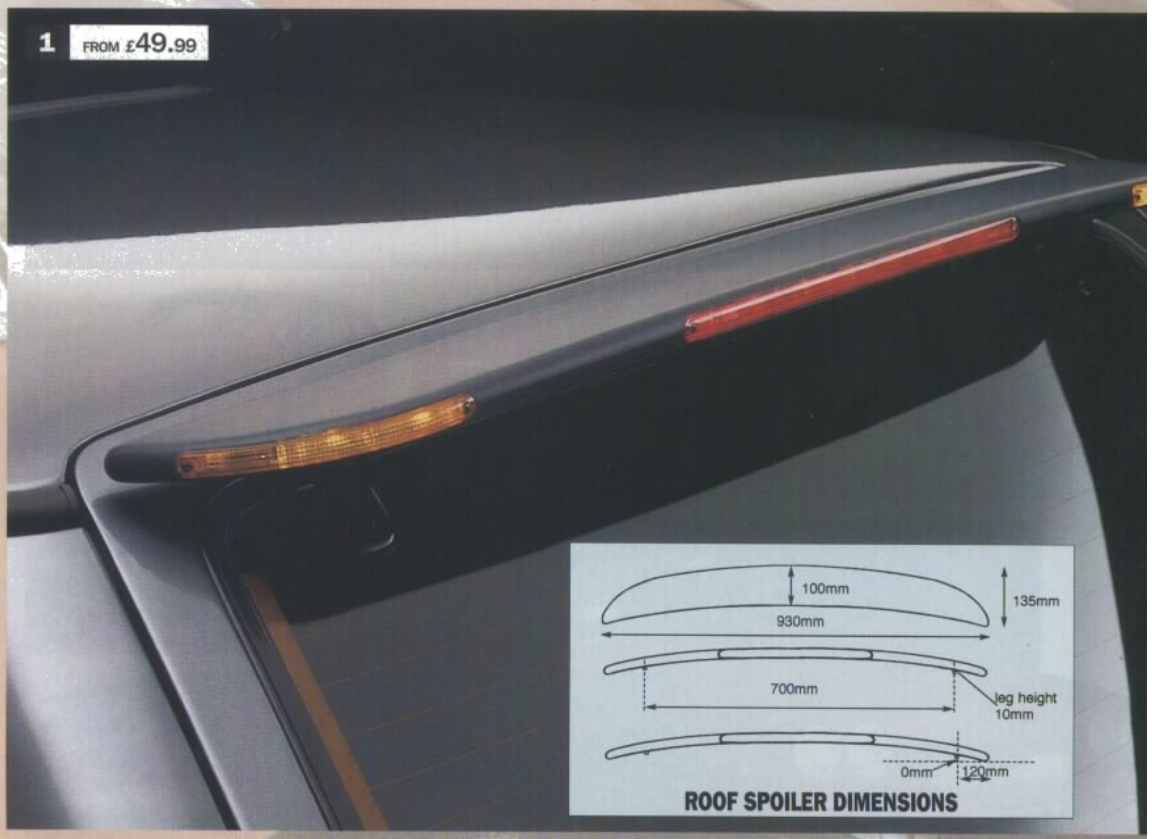
7 bulb - E-marked

302 7170 OUR PRICE **£64.95**

Spoiler with Brake Light and Indicators.

E-marked

302 7171 OUR PRICE **£79.99**



2 REAR SPOILER

New universal spoiler to fit most saloon cars. This spoiler is manufactured from injection moulded ABS and supplied with a range of different spacers so you can adjust the height and angle of the spoiler to suit your vehicle.

- High quality – injection moulded ABS.
- Universal fit – fits most saloon cars.
- Easy DIY fitment – complete fitting kit supplied.
- Ready to paint – only needs priming (if required).
- Ultra light – under 1kg.
- TUV Approved.
- 3 versions available (with and without lights – see below).

Plain Black (no brake light)

302 7172 OUR PRICE **£54.50**

Spoiler with Brake Light.

7 bulb - E-marked

302 7173 OUR PRICE **£72.50**

Spoiler with Brake Light and Indicators.

Pi TAILORED REAR SPOILERS

Designed to fit your car perfectly. These designs are based on the original equipment spoilers supplied on the top of the range models.

They are supplied in primer and can easily be painted to match existing colours if desired.

Most models now available with LED brake light.

3 COMPETITION TOWING RING

Manufactured from 5mm steel plate, supplied in a tough red powder coating which can be painted to match your vehicle's colour if required.

Designed to give the Touring Car/DTM Competition look and is a necessary accessory for many lowered and body styled cars where the original towing eye may be obstructed or cannot be used.

Simple to install. Supplied with all necessary fixings and instructions and can be fitted to front or rear of car incorporating the original towing ring.

277 1477 OUR PRICE **£24.95**

SNOOPER

SNOOPER RADAR DETECTORS

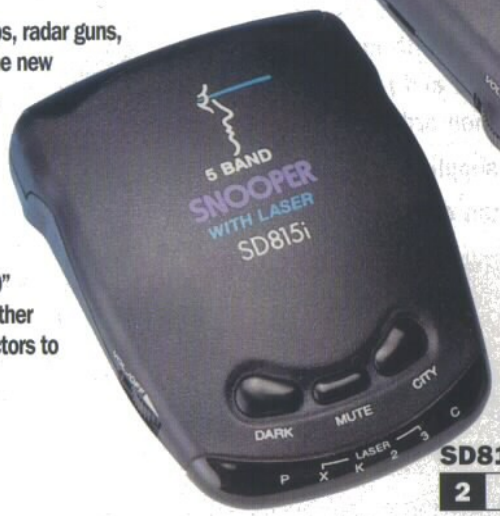
NEW – 5 BAND TECHNOLOGY

Snooper – Innovating Technology with 5 Band Detectors

Snooper radar/laser detectors detect Gatso camera speed traps, radar guns, stationary radar and laser devices. In addition and thanks to the new 5 band technology, Snoopers can also detect the latest threat, the recently introduced mobile or MiniGatso traps which operate on a new frequency – Ku band. This industry first is only available on Snooper detectors and it makes normal 4 band detectors obsolete.

In addition Snooper are the only detectors to be truly manufactured to Pan European standards with "Eurotech 2000" extended bandwidths on all frequencies, not just Ka band, another industry first and unique to Snooper. And there are three detectors to choose from depending on your budget and driving style.

SD715i
1 £199.95



SD815i
2 £299.95

DETECTORS NOW LEGAL. FOLLOWING AN APPEAL COURT DECISION IN FEBRUARY 1998 SNOOPER RADAR DETECTORS ARE NOW COMPLETELY LEGAL TO OWN AND USE.

1 SNOOPER SD715i

The **715i** offers superb value for money in a full feature 5 band detector. Compact design together with excellent range make this detector ideal for the serious driver.

Features include:
- Complete 5 Band radar detection including the new Ku band – you don't miss a thing.
- 360 degree radar detection – protects from all sides.
- Separate audio and visual indicators – know what you are detecting.
- Laser detection – another new threat.
- Mute, dark and city controls – for optimum control.
- Range – Gatso Cameras up to 100 yards, radar guns up to 1 mile, laser guns up to 3/4 mile, MiniGatso up to 400 yds.
- 2 year warranty – for peace of mind.

252 4476 OUR PRICE **£199.95**

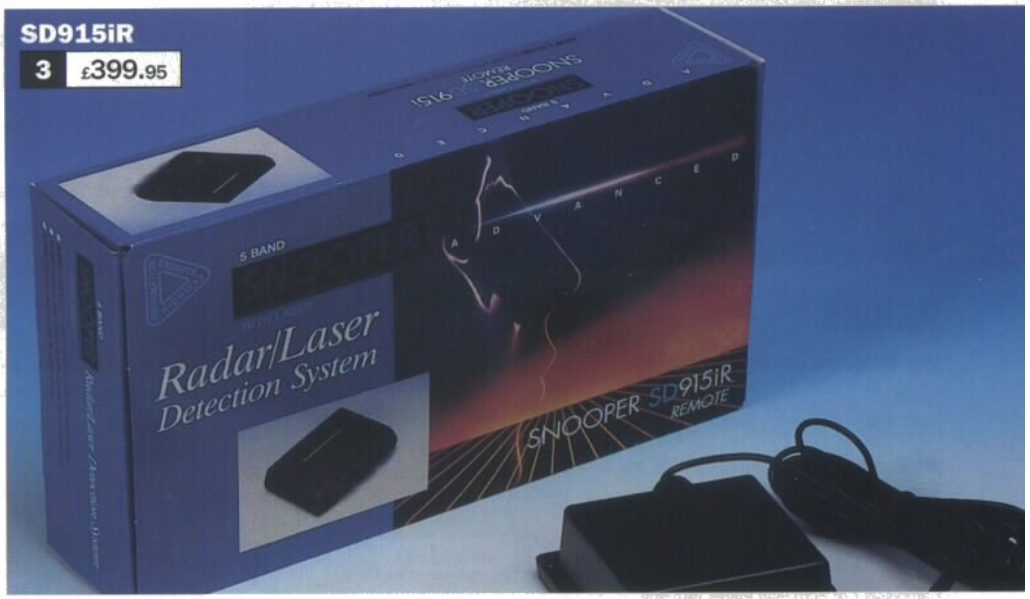
2 SNOOPER SD815i

The smallest radar detector in the world also outperforms the rest. Using digital technology the 815i offers 5 band detection plus all the options available on full size units and more. In addition its ultra compact size ensures real discretion in use whilst providing super long range. This full feature model is the only real choice for any professional driver.

Features include:
- 5 band radar detection including all new Ku band – detects ALL radar traps and not just some of them.
- Front and rear radar and laser detection 360° protection.
- Ultra compact size – the 815i measures just 85mm x 65mm x 20mm.
- Separate audio and visual indicators – for complete information.
- Range finder LED's – lets you know how far away the trap is.
- Range – Gatso cameras up to 150 yds, radar guns up to 2 miles, laser guns up to 11/2 miles.
- MiniGatso up to 600 yards.
- 2 year warranty – for peace of mind.

252 4477 OUR PRICE **£299.95**

SD915iR
3 £399.95



3 SNOOPER SD915iR

The SD915iR combines all the features of the SD815i in a remote detector. It includes a radar sensor that mounts behind the grill and a laser sensor that mounts on the inside of the windscreen. The control module can be fitted in any convenient location in the car providing a really professional installation.

SD915i features include:
- Remote radar and laser sensors – for total discretion.
- Full 5 Band radar detection you don't miss a thing.
- 360° radar and laser coverage.
- Eurotech 2000 technology – for Pan European use.
- Range – Radar and laser guns up to 2 miles – Gatso Cameras up to 100 yards – MiniGatso up to 600 yds.
- Professional quality produce – 2 year warranty.

Sizes: Control module – 55mm x 60mm x 20mm
Sizes: Remote radar sensor – 95mm x 90mm x 30mm
Sizes: Remote laser sensor – 65mm x 30mm x 20mm

252 4479 OUR PRICE **£399.95**

SNOOPER S1
4 £99.99

4 BAND TECHNOLOGY

4 S1 RADAR DETECTOR

Although the S1 is an entry level detector, it has still been designed to offer complete protection for the driver by utilising the unique **EUROTECH 2000** detection system pioneered by Snooper. Compact design together with excellent detection range make this detector ideal for the serious driver.

S1 features include:
- 4 BAND radar detection.
- 360° radar detection – protects from all sides.
- Separate audio and visual detectors – tells you exactly what you are detecting.
- Full 360° laser detection – detects the latest laser devices.
- Mute, Dark and City controls – for optimum control.
- Range - Radar and Laser Guns up to 3/4 of a mile
  Gatso Cameras up to 70 yards.
- Size 120mm x 75mm x 28mm.
- Professional Quality Product – 2 Year Warranty.

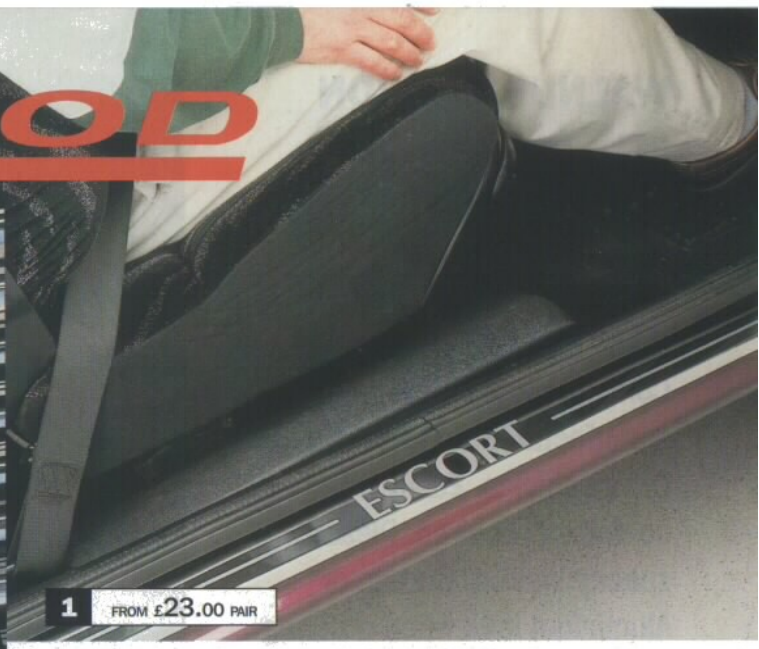
LOCKWOOD

1 STAINLESS STEEL SILL PROTECTORS

Manufactured from the highest quality materials) bright annealed, 20 gauge, 304 grade, non-magnetic stainless steel).

These plates fix to the sill by means of powerful adhesive pads and each sill has the car logo engraved to a high standard.

- Protect vulnerable paintwork which is most exposed to daily wear and tear.
- Cover previously damaged paintwork.
- Enhance the car's appearance and add that 'touch of class'.
- Easy to fit (no drilling required).
- Excellent value for money.



1 FROM £23.00 PAIR

1 LOCKWOOD STAINLESS STEEL SILL PROTECTORS Part No. 270 5055

JAPANESE IMPORTS!

Does your vehicle have a speedo reading in Kilometers? We can supply a replacement speedo face reading in M.P.H. to match your rev counter and other gauges.

For TOYOTA, MAZDA, HONDA, MITSUBISHI etc.

LOCKWOOD

1 REPLACEMENT INSTRUMENT DIAL FACES. BRING YOUR DASH TO LIFE.

Designed for front-lit and back-lit dashboards. All back-lit models illuminate numbers individually.

Manufactured from a high quality plastic based material. They replace, not cover, the existing instruments.

Fitting is simple (approx 2 hours) and they cannot be fitted incorrectly.

Extensively researched to ensure lighting is correct.

The largest range available.

COLOURED FACES

Replacement Dial Faces are also available in Red, Green, Yellow and Blue except where indicated. Please add £5 to the above prices for coloured faces.

Coloured Faces ADD **£5.00**

CELLULOSE PAINT PENS

Needles can easily be sprayed with aerosol paint or Red cellulose paint 'sticks' can be supplied.

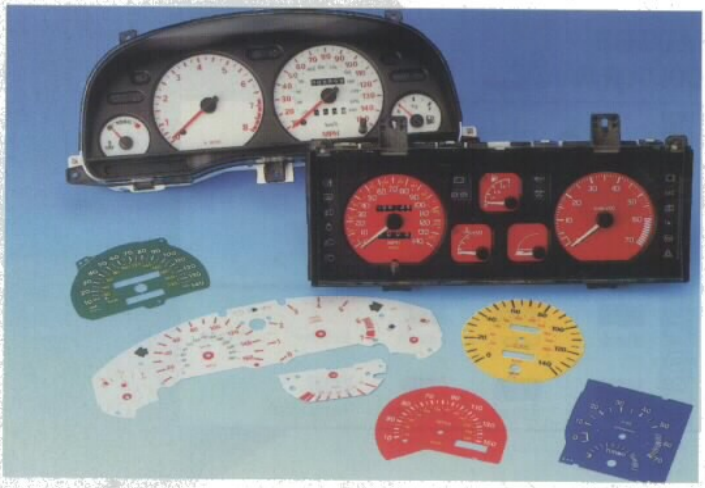
Cellulose paint for needles, if required.

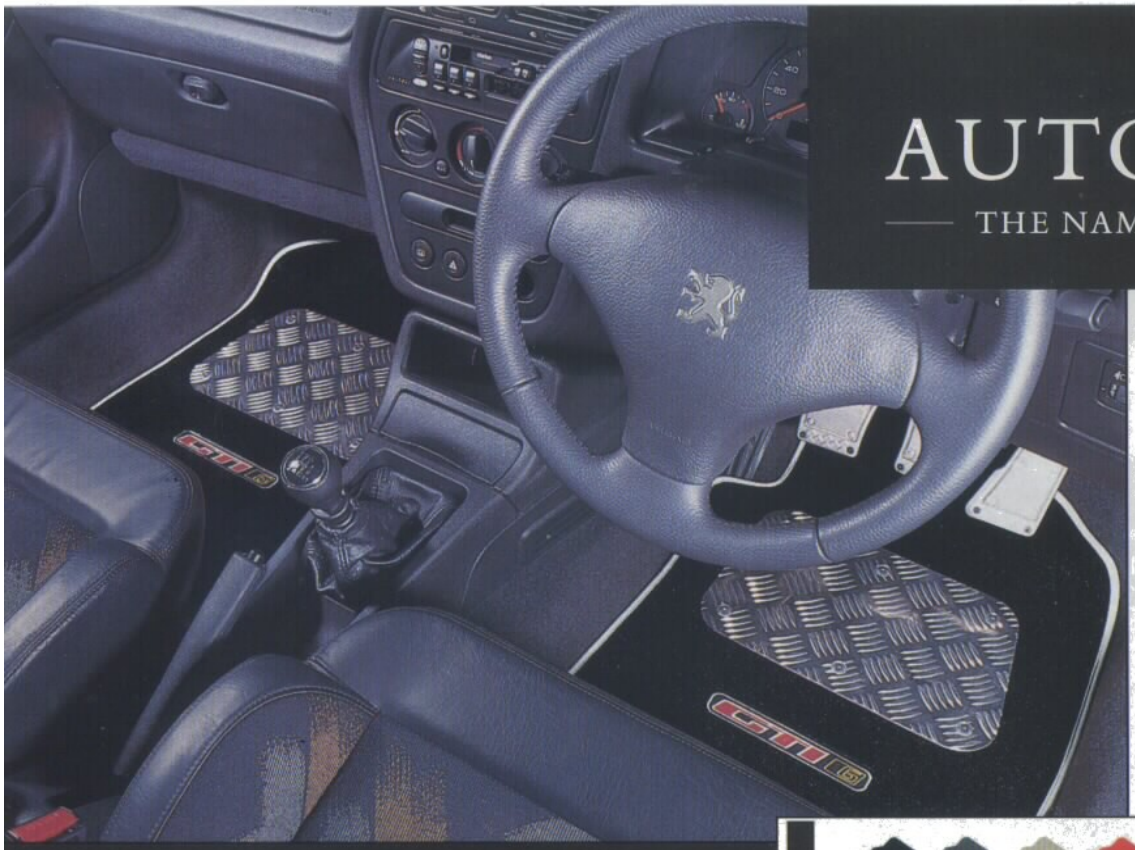
249 6088 OUR PRICE **£3.99**

NOTE

White faces are now supplied with Black look digits which illuminate Orange at night. The original White with Red digits are available, please specify if this option is required.

Coloured faces also available, please see above for details.





AUTOSTYLE

THE NAME IN CAR MATS

AUTOSTYLE CAR MATS

1 SPORTMAT

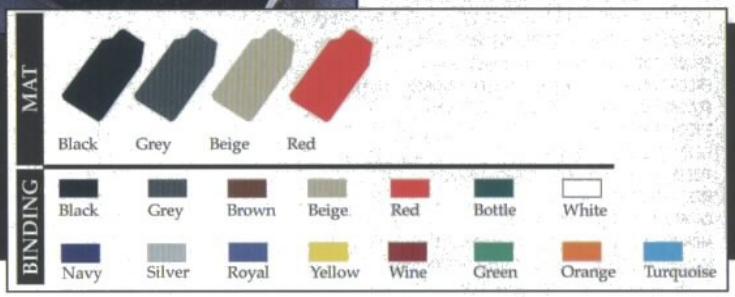
Inspired by the touring car look these rugged mats feature shaped alloy chequer plate heel pads riveted to both front mats. Manufactured in the same durable material as the Diplomat shown opposite. This is the ideal mat for those seeking to compliment the "road race" image.

- Personalisation: Your choice of colour co-ordinated motif. Applied to drivers and passengers mats.

240 5552 (set of 4) OUR PRICE **£69.95**

Please state make, model and year of car when ordering.

SPORTMAT



2 MAXMAT

Fully tailored overmat set. Fully fitted economy mat ideal for all hot hatches and sports saloons.

Brightening up your car's interior by choosing any one of the woven cloth bindings, combined with a motif.

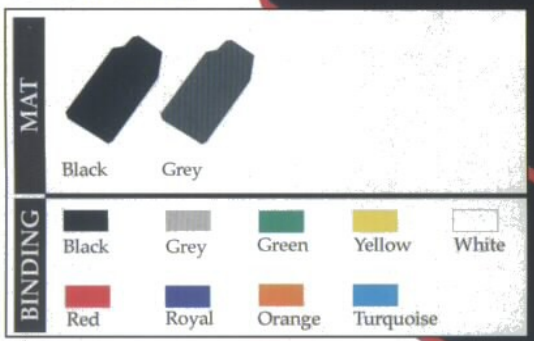
- Fixing systems: To drivers and passengers mats.
- Manufactured from polyproplene loop pile material, non-slip backing, offering incredible value for money.
- Personalisation: Your choice of colour co-ordinated motif. Applied to drivers and passengers heel pads.

240 5543 (set of 4) OUR PRICE **£39.95**

Please state make, model and year of car when ordering.

maxmat

MAXMAT COLOUR RANGE



PREMIER

1 PREMIER

Fully tailored overmat set.
The ultimate in tailored luxury car mats. We sell what we feel - and our customers confirm - is the best overmat set available. Combining the best materials with quality craftmanship, they offer an all round luxury and second-to-none wearability.

All edges are piped with traditional leathercloth binding, the finished set is guaranteed to compliment and enhance any car's interior.

- Fixing systems: To drivers and passengers mats.
- Guarantee: 36 months or 36,000 miles.
- Personalisation: Includes fine silk embroidered model motifs to drivers and passengers mats.

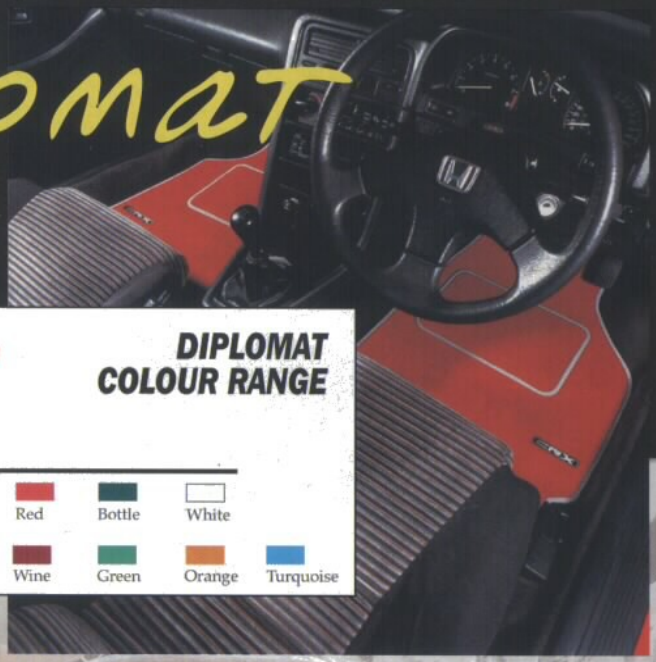
Due to the recent specification upgrade of Premier material, the quality and durability is so good that we no longer fit heelpads. If you specifically require this option please make clear your requirements when ordering

240 4469 (set of 4) OUR PRICE **£99.95**

Please state make, model and year of car when ordering.

PREMIER COLOUR RANGE

DIPLOMAT



2 DIPLOMAT

Designed specifically for the customer who demands a higher quality than Maxmat. Diplomat is constructed from tufted Polyamide giving a superb and highly durable finish, making it easy to maintain its original appearance.

- Guarantee: 24 months or 24,000 miles.
- Includes: Extra heelpad and safety fixing system to passenger mat plus embroidered motifs to both front mats.

240 5548 (set of 4) OUR PRICE **£59.95**

Please state make, model and year of car when ordering.

SPARCO SEATS

These extraordinary seats have been developed from SPARCO's pure racing seats fitted to Touring Cars and Rally cars worldwide. SPARCO seats have won almost all world rally championships and grinding marathon runs in the past 13 years.

STAR
1 £275.00

1 STAR

Offers good lateral support and excellent pelvis anchorage. Micrometric adjustment of the backrest and rapid return to the upright position are two of its important features. Made in distinctive Red, Grey or Black fabric. This is the ideal reclining seat for small to medium size cars.

234 5623 OUR PRICE **£275.00**

2 SUPERSPORT

The most advanced adjustable sport-seat ever manufactured by SPARCO. Anatomic, extremely comfortable and in a refined and modern design. Backrest can be reclined to the millimetre but features a system enabling rapid return to the upright position. Available in Red, Grey, Blue or Black fabric.

234 5624 OUR PRICE **£299.99**

SUPERSPORT
2 £299.99

SPARCO BASEFRAMES FOR SPECIFIC MODELS

These baseframes are tailored to fit exactly the makes and models of cars listed.

The baseframe requires a set of runners per seat to enable the seat to slide backwards and forwards. (In some cases these can be taken from the original seats.).

If your car is not listed it may be possible to install your SPARCO seat using a Universal Base and runners. For further advice please contact our mail order department or visit one of our shops.

AUTO ACOUSTICS

1 SUPER SHELF

Sound quality is easily improved by installing a better radio cassette or disc player. The best gains will be achieved by fitting a separate amplifier and larger speaker system, but where do you put these larger speakers? The ideal place in a car is the rear shelf, but the original rear shelf is flimsy and vibrates as soon as the volume is turned up. Your music is out of control – especially the bass. What is the answer? Fit an Acoustic Super Shelf.

- The shelves are made from very high quality 18mm medium density fibreboard, and come complete with acoustically transparent fabric (available in 16 colours), new shelf hangers and hinge pins.
- All Acoustic Rear Shelves are manufactured to the highest standard and custom made to fit each individual car. They are designed for mounting heavy duty speakers and amplifier systems into hatchback or saloon cars without the usual frustrating vibration problems.
- All shelves are supplied uncovered and without any holes cut for speakers, purely so that you may fit the speaker of your choice and cover the shelf accordingly.
- OUT OF SIGHT! One of the major design aspects of the Acoustic Shelf is that you can still enjoy the dynamic sounds of your speakers even when your speakers are under the shelf, out of sight of prying eyes – thanks to the acoustically transparent cover.
- Any speaker can be fitted to the Acoustic Shelf in any way you like. The Acoustic Super Shelf doesn't only look smart it greatly improves the bass response of any speaker fitted, due to the sheer density of the fibreboard, resulting in 'concert hall' performance.
- Colours of acoustic fabric supplied with shelves: Black, Ford Grey, Deep Blue, Tan, Rover Grey, Sky Blue, Mid Blue, Deep Red, Burgundy, Mercedes Beige, Sandstone Beige, Dark Brown, Light Grey, Pure White and Peugeot Red.

2 STEALTH SHELF

This new version of the SUPER SHELF is made from the same high quality M.D.F. However it has all the original contours of a FACTORY FITTED shelf.

Very easy to fit with all new nylon cords, eyelets and hinges.

Guaranteed to fit beautifully.

SPEAKER HOLES

We are now able to cut speaker holes in any Acoustic Shelf – Please specify make and model of speaker you require to fit when ordering.

If no speaker holes requested all shelves are supplied blank.

ANTENNAS

A truly outstanding selection of antennas is available from Carnoisseur. From realistic look-alikes to the real thing, for radios or for mobile phones, whatever you want, whatever you need, you'll find it right here. Particularly popular are the short stick designs, and most models can be removed for automatic car washes.

1 MOBIL – DUMMY AERIAL

Dummy aerial – easily removed mast for automatic car washes.

220 9007 OUR PRICE **£13.95**

2 16v – SHORTY MAST

Short replacement mast for original equipment aerials. 22cm long but gives excellent reception. Fits Golf 2, 3 & 4, Audi A3, A4, Avant, Astra, Kadett, Corsa, Tigra, etc.

220 9008 OUR PRICE **£21.95**

3 16v – SHORT STICK MAST

This replacement "short-stick" mast only fits the dummy 16v aerials shown on this page. 26cm long.

220 9009 OUR PRICE **£7.95**

4 16v SHORT-MAST (metal)

Only 18cm long but ideal for original equipment Vauxhall/Opel and V.W. aerials.

220 9010 OUR PRICE **£15.95**

5 CELL PHONE-LOOK DUMMY AERIAL

Dummy aerial can easily be removed for automatic car washes.

220 9011 OUR PRICE **£15.95**

6 CELL PHONE-LOOK DUMMY AERIAL

Glass mounted dummy aerial. Easily removed for automatic car washes.

220 9012 OUR PRICE **£21.95**

7 MAGNET – DUMMY AERIAL

A strong magnet secures this dummy aerial while still allowing you to remove it as and when required.

220 9013 OUR PRICE **£15.95**

8 EXCLUSIVE AERIAL

High performance aerial complete with 5 metres of aerial cable.

220 9014 OUR PRICE **£37.95**

9 PRESTIGE SHORT AERIAL

High performance aerial. Can also be used as dummy using the special base included in the set.

220 9015 OUR PRICE **£26.95**

10 GPS DUMMY SATELLITE NAVIGATION AERIAL

It can be mounted on roof or boot and can even be painted to match the bodywork.

220 9016 OUR PRICE **£21.95**

11 16v BEESTING AERIALS

Available in various types for all applications.

16v BEESTING REAL AERIAL

52° angle, unamplified with 4.5 meters of aerial cable.

220 9017 OUR PRICE **£12.95**

16v BEESTING REAL AERIAL WITH SHORT MAST

52° angle, unamplified with 4.5 meters of aerial cable.

220 9018 OUR PRICE **£19.95**

16v BEESTING REAL AMPLIFIED AERIAL

52° angle with 4.5 meters of aerial cable.

220 9019 OUR PRICE **£15.95**

16v BEESTING REAL AMPLIFIED AERIAL WITH SHORT MAST

52° angle with 4.5 meters of aerial cable.

220 9020 OUR PRICE **£25.95**

16v BEESTING DUMMY AERIAL

Black self-adhesive.

220 9001 OUR PRICE **£9.95**

16v BEESTING DUMMY AERIAL CARBON LOOK

Self-adhesive.

220 9021 OUR PRICE **£15.95**

12 DYNAMAT – NOISE REDUCTION KIT

Use self-adhesive Dynamat in boot, front and rear door areas to reduce boom significantly.

Size per roll: 19.5" x 32.5".
7mm thick. (4.33 sq.ft.).

215 6128 OUR PRICE **£19.95**

DYNAMAT INSTALLATION ROLLER

220 6129 OUR PRICE **£3.50**

CLIFFORD

The Science of Security™

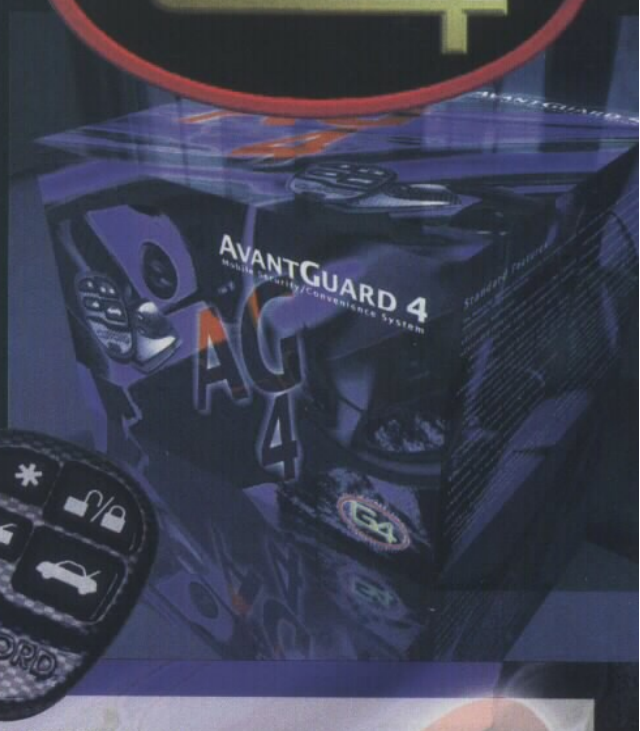
Clifford Electronics, established in the USA for over twenty years, and long regarded as the world's leading manufacturer of electronic vehicle security systems, now introduces the new G4 range to protect your car right into the new millennium:

GENERATION 1: Clifford introduce the first remote controlled vehicle security systems.

GENERATION 2: The company introduces the first programmable microprocessor-controlled alarms, and anti-falsing technology.

GENERATION 3: Engineering of the first anti-codegrabbing encryption to prevent thieves' 'magic black-boxes' disarming the system.

G4: Clifford create the next generation in vehicle security systems:



FOURTH GENERATION

G4 SYSTEMS:

Arrow 3 Entry-level alarm/immobiliser ideal for lower-risk cars, featuring waterproof remote controls, Anti-Codegrabbing, Piezo Shock/Impact Sensor, Spare Sensor Connector, DataPort for Accessories and much more besides.

208 5734 FITTED OUR PRICE **£225.00**

Concept 100 Mid-level alarm/immobiliser system with all features of Arrow 3, plus Dual-Point Immobilisation, Dual-State Shock/Impact Sensor with Warn-Away & Glass Break Sensor, and Carbon-Effect 4-button remote keys.

208 5735 FITTED OUR PRICE **£300.00**

Concept 300 Clifford's entry-level Insurance (Thatcham) Category 1 Approved alarm immobiliser, with most features of Arrow 3 and Concept 100, plus Clifford's SmartSiren 4 and Proximity Radar Sensor.

208 5736 FITTED OUR PRICE **£400.00**

Concept 400 High-level security system with built-in BlackJax 4 anti hi-jack device, Piezo Shock/Impact Sensor & Remotely Adjustable Dual-Zone Radar Sensor with Warn-Away Zone.

208 5737 FITTED OUR PRICE **£500.00**

Concept 600 State-of-the-art Insurance (Thatcham) Category 1 Approved system, including BlackJax 4, 3-point Immobilisation with Wireless Immobiliser, SmartSiren 4, Dual Zone Radar & Tilt/Motion Sensors, and built-in Window RollUp Module.

208 5738 FITTED OUR PRICE **£700.00**

AvantGarde 4 Top-line alarm/immobiliser, allowing the ultimate convenience of remote engine starting on any car, manual or automatic! System includes BlackJax 4, Wireless Immobiliser, Smartsiren 4, Dual-Zone Radar & Tilt/Motion Sensors, NightVision, and much more.

208 5739 FITTED OUR PRICE **£1000.00**

IMMOBILISERS:

VirtualKey3 Insurance Category 2 Approved (Thatcham), this clever 3-point Immobiliser self-arms when you switch the ignition off, and self-disarms (via theVirtualKey transponder key-ring) when you insert your key back into the ignition once more.

208 5740 FITTED OUR PRICE **£170.00**

VirtualKey2 Also Insurance Category 2 Approved, this is a 2-Point version of the VirtualKey 3 Immobiliser above.

208 5741 FITTED OUR PRICE **£145.00**

AutoImmobiliser Again Insurance Category 2 Approved, this 3-Point immobiliser self-arms like the VirtualKey systems, and is disarmed by swiping a tiny electronic ComputerKey (somewhat like a headphone jack) into a keyway in the dashboard.

208 5742 FITTED OUR PRICE **£120.00**

G4 ADD-ON ACCESSORIES:

At the core of G4 is CliffNet, a revolutionary digital link between every component and accessory. The DataPort on each G4 system enables Clifford's major accessories to simply 'plug & play', effectively networking all components in the chain to one another to give a host of unique features never before possible.

The Wireless Immobiliser Makes vehicles unstartable by even the most experience car thieves. Virtually untraceable, there are no wires connecting the Wireless Immobiliser to the system.

208 5743 FITTED OUR PRICE **£125.00**

BlackJax 4 Clifford's anti hi-jacking system has saved lives, not just vehicles. Allows hi-jackers to drive off a safe distance, then safely shuts the engine down, with siren blaring and lights flashing to alert witnesses and repel the felon.

208 5744 FITTED OUR PRICE **£225.00**

SmartSiren 4 Self-Powered Siren that sounds automatically if the vehicle power supply is tampered with when system is armed. Six-Sound design with Programmable Personalised Siren Sounds via CliffNet Wizard PC Interface below.

208 5745 FITTED OUR PRICE **£75.00**

SmartWindows 4 Open, close and vent your car's power windows using the system remote control. Also adds One-Touch open and close operation to your car's power window operation. (Two modules required for four window operation).

208 5746 FITTED OUR PRICE **£150.00**

IntelliVoice 4 Voice synthesis Warn-Away device that can detect intruders before they attack your car, and politely at first, and then more authoritatively warns would-be intruders to back away before the alarm sounds. Warnings can be given in English, Spanish, German or Dutch for when motoring aboard, and each vocabulary consists of 14 different warnings which include system diagnostics as well.

Linked to Concept 400, 600 or Avant Garde 4
208 5747 FITTED OUR PRICE **£200.00**

Linked to G4 systems that don't include Prox 4 Sensor
208 5748 FITTED OUR PRICE **£250.00**

IntelliStart 4 Start your car's engine along with the heater, air conditioning and more with the press of a button on your remote. Will work on any car, petrol or diesel, automatic or manual. The ultimate convenience accessory for blistering hot days or chilly winter mornings

208 5749 FITTED OUR PRICE **£225.000**

CliffNet Wizard PC Interface Allows alarm control unit connection with any Windows-based PC. Gives near-limitless customisation options with point-and-click ease.

208 5750 FITTED OUR PRICE **£50.00**

Micro SCAN

UNIVERSAL PAGER SYSTEMS

MicroScan Pagers interface to most car alarms and alert you when you car is being broken into or attacked. The systems are both easy to install and use and can also be used as Stand Alone security systems.

1 MP2000 PAGER SYSTEM

The MP2000 Pager represents a break-through in Car Alarm Pager Systems. Although universal in design with a range of up to 400 meters, the MP2000 remains easily the most affordable pager on the market. Comes complete with screen mounted antenna and re-chargeable receiver.

208 5691 OUR PRICE **£89.95**

2 MP4000 PAGER SYSTEM (DTI APPROVED)

The MP4000 is a state of the art pager that can monitor up to 3 vehicles simultaneously using digital technology. In addition it can monitor different *Trigger Zones* on each vehicle plus manual paging providing increased security. Range up to 1 mile (dependent upon terrain and aerial).

208 5692 OUR PRICE **£139.95**

PERIMETER PROTECTION SYSTEM

3 DIGITALK

DigiTalk is a voice activated perimeter protection system that can be linked to most good quality car alarms. It features an adjustable Dual Zone Microwave Sensor that scans both the interior and exterior of your vehicle. An intrusion of the outer zone triggers the Voice Module which warns "SECURITY PLEASE STEP AWAY". The system is also switchable. Use the *Voice* for high risk situations. *Beeper* for medium risk or switch it off completely for low risk areas. DigiTalk.

208 5689 OUR PRICE **£84.95**

PROFESSIONAL IMMOBILISERS

4 M1600 IMMOBILISER

A state of the art 2 circuit immobiliser that features Keyless transponder technology to passively arm and disarm the system. Failsafe 30amp sealed relays and a design manufactured to ISO9002 ensure maximum protection and ease of use.

Features include:

- 264 code variants. • Thatcham Cat 2 approved*. • Texas instrument transponder technology.
- Anti scan, grab and tamper. • Limited lifetime warranty.

208 5714 OUR PRICE **£69.95**

5 ELECTRIC WINDOW KIT

MicroScan electric window kits have been designed to replace standard manual winder systems and fit the majority of vehicles. All of the mechanical and electrical systems are concealed within the door panels and are therefore completely unobtrusive. The kits come complete with all the necessary components and instructions to ensure a professional installation and are easily fitted. The optional window interface (AN0031) is compatible with most good quality car alarms and can be used to automatically close the windows as part of a Total Closure System.

Note: 4 door vehicles require two kits.

For dash or centre console switch mounting.

210 2746 *(includes 2 switch kit)* OUR PRICE **£132.95**

(See opposite page for details of AN0031 Interface, if required).

6 CENTRAL LOCKING KITS

MicroScan central locking kits offer the convenience and security of locking the car from just one point at the turn of a key or with the optional remote control system. The kits which are easy to fit and are suitable for most vehicles, come complete with all the necessary components to produce a professional installation comparable with Original Equipment at a fraction of the cost. The system can also be interfaced to most good quality car alarms by adding the optional interface. (See opposite page)

MicroSCAN

MICROSCAN 300 SERIES TALKING CAR ALARMS

Warn off the thief before he touches your car!

1 TWO STAGE SHOCK SENSOR TECHNOLOGY AN301 TALKING ALARM

The AN301 features a two stage shock sensor that can detect a thief trying to break into the vehicle or even attempting to steal accessories from the outside. The *light touch* sensor triggers a firm *warn away* voice message while a more persistent attack will trigger the main sensor and the alarm's 5 tone siren.

Other features include:
• Current sensing • Direct switch sensor • Panic • Auto re-arm • Battery back up • LED status indicator • Fully upgradeable

208 5702 OUR PRICE **£89.95**

2 DUAL ZONE MICROWAVE TECHNOLOGY AN304 TALKING ALARM

The ultimate security system is provided by a fully adjustable dual zone microwave. The external zone cloaks the vehicle with an invisible radar screen that can detect a thief as he approaches the car triggering a voice message that warns the vehicle is protected.

Additional features include:
• Current sensing • Direct switch sensor • 30amp automatic immobiliser • Switchable warning Voice or Beeper • Two stage shock sensor

208 5704 OUR PRICE **£149.95**

3 AN302 TALKING ALARM

As the AN301 plus a second remote control and 30amp automatic immobiliser.

208 5703 OUR PRICE **£105.95**

4 AN303 TALKING ALARM

As the AN302 plus Ultrasonics for complete protection.

208 5679 OUR PRICE **£137.95**

MICROSCAN AN210 SERIES COMPACT ALARMS

5 FULLY UPGRADEABLE ALARM TECHNOLOGY AN211 COMPACT ALARM

The AN211 represents the most affordable high security product on the market today. Although it provides a host of preferred features it is completely reliable and easy to fit.

Features include:
• 120dB multi-tone siren • Central locking output • Flashing indicator output • Pager Output • Rolling code remote control • Two stage shock sensor with *Pre-Alert* • Current sensing • Direct switch sensor • Chirp delete • Sensor delete • Panic • LED status indicator

208 5710 OUR PRICE **£69.95**

6 AN212 COMPACT ALARM

As the AN212 plus second remote control and a 30amp immobiliser.

208 5711 OUR PRICE **£89.95**

7 MICROSCAN AN400 SERIES

Professional Active Security Systems with Random Code Technology.

An AN400 series represents the future of vehicle security, affording comprehensive protection against theft or vehicle intrusion. The systems are fully programmable and able to monitor the entire vehicle perimeter, instantly detecting any impact or blows to your car. And with Random Code technology nobody can duplicate your radio key using either scanning or grabbing techniques - the latest threat to security. The Top 10 features include:-

• 2 Stage Shock sensor with PreAlert • Ignition-on AutoLock • Central Locking output for Keyless Entry • Chirp delete from the transmitter • Internal Sensor delete from the transmitter • Interior light control after disarming • 2 x self Learning transmitters • Emergency Override • Built-in 30amp Immobiliser • Switchable Passive Door Locking & Arming

AN423

The AN423 combines all the Top 10 features of the AN400 series plus UltraSonic protection ensuring that the interior of the car is also fully protected. In addition the system comes complete with a 120dB Battery Back-up Neodymium Siren that provides high power from a tiny compact siren that can be fitted in any car particularly where space is tight.

208 5751 OUR PRICE **£119.95**

AN424

The AN424 has all the same features and capabilities as the AN423 but uses a Dual Zone Radar Cloaking System that actively protects both the inside and outside of the car. It detects thieves as they approach the vehicle warning them away with a persistent chirp. The AN424 can be set so that repeated intrusions trigger the main siren.

Snap Off®

To fit or remove the wheel pull the pins until they stop.

When steering wheel is fitted or removed pins are at rest.

Use of the block-key.

1 SNAP-OFF

Removable steering wheel anti-theft system for your car.

The anti-theft device Snap-Off system, allows the easy, quick release and removal of the steering wheel when the car is parked. The wheel can then be easily and safely remounted when you drive your car again. What better deterrent can you have than totally removing your steering wheel, thus confusing and discouraging the thief and diverting him to a car without Snap-Off.

Snap-Off can only be used with certain after-market steering wheels. If your car has a standard factory fitted steering wheel you will need to choose a new steering wheel from our range plus a Snap-Off Security Device and Hub Kit Pack.

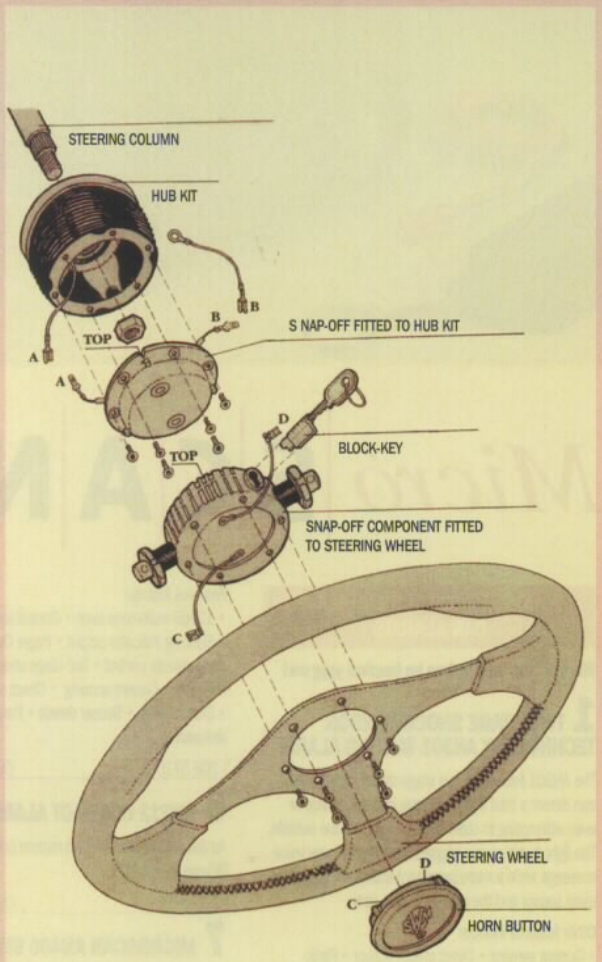
SNAP-OFF SECURITY DEVICE AND HUB KIT

For use with POWER-UP, S.W.M., Raid, Nardi and Personal Steering Wheels.

230 5125 OUR PRICE **£100.00**

Adaptor ring to enable Snap-Off device and hub kit to be used with Racing Sparco and Sportline Steering Wheels.

230 5126 OUR PRICE **£19.95**



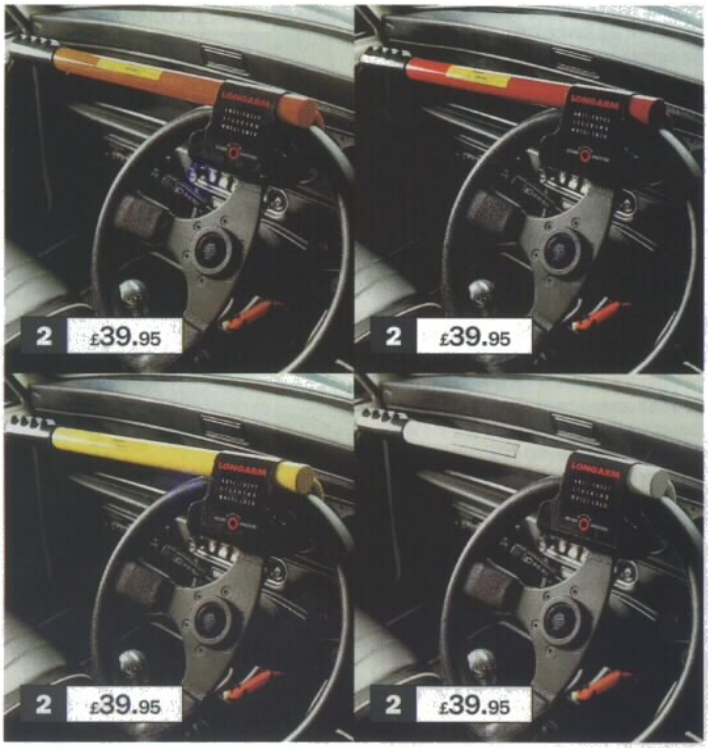
2 CARFLOW LONGARM

Now available in four different colours this tough anti-theft device easily locks onto the steering wheel and prevents the wheel from turning.

The tamper and pick-proof lock has over 25,000 combinations and is manufactured to the highest standards by Abus (one of Europe's leading lock manufacturers). The lock itself is drill proof and the LongArm is case hardened and saw proof. This highly visible deterrent, fits in seconds and is suitable for all makes of cars. Guaranteed for life.

206 2937 OUR PRICE **£39.95**

Available in Red, Yellow, White and Orange. Please state colour required when ordering.

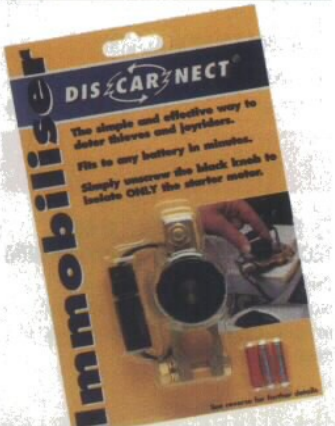


3 DIS-CAR-NECT

Dis-car-nect is a precision constructed switch of alloy, steel, brass and plastic which with a turn of the knob disconnects all electrical circuits, preventing battery drain. A further turn removes the knob completely and provides security against theft. New fused wire enables clock and radio to continue to work.

Fits all batteries including Ford etc etc.

174 3101 OUR PRICE **£12.95**



RAYDOT

PROJECTOR BEAM SERIES

1 PROJECTOR BEAM FOG LAMPS

• Precision high performance fog lamps. • Outstanding performance. • Quartz halogen beam. • Fits vehicles where lack of space excludes larger auxiliary lamps being fitted. • State of the Art design with maximum security. • Fits any suitable spoiler. • Bolt-on fixing or with adhesive tape fixing supplied.

Smoothy

1 SIGNAM

LIGHTGUARDS BY SMOOTHY – ADDED SECURITY AND STYLE

Smoothy Lightguards are moulded acrylic covers that not only protect your headlamps from damage – and the expense and inconvenience that follows – but actually improve the appearance of your car.

FOR THE COST-CONSCIOUS MOTORIST

Not only is the cost of replacing broken headlamps high but there are fitting charges and the inconvenience of being off the road too.

- Specially designed clips for lens security and easy removal for cleaning.
- High-strength acrylic foam trouble-free fixing.
- Lenses contoured to suit individual models and manufactured from impact-modified high-grade acrylic supplied by Europe's leading manufacturer.
- Fixing clips ultrasonically welded to lens.

Please state make, model and year of car when ordering.

6 BOSCH SPOILERWIPER BLADES

The new wiper blade in aerodynamic form from Bosch. Bosch Spoiler – wind tunnel developed and tested.

Bosch Spoiler – clear vision even in the strongest of headwinds.

The aerodynamically shaped 'spoiler' is mounted on the wiper blade frame ensuring the best visibility possible even in the most extreme conditions. As air currents and headwinds increase, the spoiler automatically increases the pressure of the blade on the windscreen, combined with the renowned Bosch Micro-Double Edge, the result is optimum down force at all speeds which means no lift-off, no flutter, and smear free clear vision, no matter how strong the headwind.

Available for most makes and models.

Please state make, model, year and size when ordering.

7 HOT JET

Banish dirty, greasy, frozen windscreens and washer pipes with the Hot Jet.

• So easy to install. • Cleans with hot water. • Safer clearer vision. • Works when other systems freeze. • Clears, grease, film, insects, mud. • Ideal summer/winter. • No moving parts to go wrong.

The fact that hot water cleans better than cold is only one of the many reasons for fitting the Hot Jet now. So simple to fit, all you need is a pair of scissors to snip the small plastic supply pipe to your washer jets and connect the Hot Jet. Its special red heat exchanger is held to the upper radiator hose of any water cooled car with the universal clips supplied. As soon as your engine begins to warm the transferred heat is busy de-frosting the washer pipes and it can then de-ice your windscreen without the need for expensive de-icing chemicals thus saving you £££s. The Hot Jet will break down grease and grime and give you a clear windscreen in summer and winter. Complete universal kit with full instructions for any water cooled car.

291 1036 **£9.95**

RAIN-X – THE INVISIBLE WINDSCREEN WIPER WHAT IS RAIN-X?

Rain-X is a clear, colourless liquid that has an amazing effect on glass and plastic (acrylic and polycarbonate). Like water off a duck's back. . . it repels rain, frost, snow and dust. It seals, polishes and conditions against the sun, sand, salt and pollutants and helps prevent insects, mud and grime from sticking – making cleaning a breeze.

THE WORLD'S SOFTEST CAR COVERS

Covercraft, the world's largest manufacturer of custom-fit car covers, offers you the finest solution for keeping your car in prime condition.

COVERCRAFT OF EUROPE

TECHNALON II

Technalon covers are manufactured from Evolution 3® fabric. This unique four-layered material is designed to protect your car from the natural elements and more. WATER RESISTANT yet breathable, it keeps out rain, sleet and snow while allowing air and moisture vapour to pass through preventing your car from "sweating". POLLUTION: It stops dust, dirt, acid rain, chemicals, pollutants and salt from damaging your car. SUNLIGHT: It keeps out the sun's damaging ultra violet rays which can fade paintwork and damage your car's interior. It is padded to protect against minor KNOCKS and scratches.

TAILOR MADE to fit your car precisely, the covers are elasticated front and back, making them quick and easy to use. Other features include: resistance to tears and punctures, double lapped and stitched seams for strength and shape retention. They are washable, yet will not shrink or stretch and will not rot or mildew. All covers are supplied with their own storage bag and lock guard system – the first defence against thieves and vandals.

Covercraft's covers are tested and approved by the world's leading car manufacturers and from our stocks of over 25,000 individual patterns, we mean it when we say, "whatever car you have Covercraft's got it covered".

Covers are available in three attractive colours, Shadow Grey, Desert Tan and Harbour Blue.

Please state colour required and make, model and year of car when ordering.

Technalon II Cover

262 1074 OUR PRICE *from* **£170.00**

FLANNEL SUPER SOFT

THE WORLD'S FINEST INDOOR COVER

Soft Napped
Inside fluffed-up like cotton wool. Guaranteed not to scratch or mark even the most delicate paintwork.

Thick and Long Wearing
2-3 times thicker than other cotton or polycotton covers. Offers real protection and durability.

Breathable
Allows any moisture to evaporate away from the car.

Water Repellent
Fabric treated during manufacture to be water repellent, withstanding drips and light sprinklings of water.

Mildew and Rot Resistant
Fabric treated to resist rot and mildew.

Please state make and model of vehicle when ordering.

Flannel Super Soft Cover

262 1075 OUR PRICE *from* **£195.00**

Please contact for exact price for your car.

MULTIBOND

MANUFACTURED FROM SENTREX FABRIC

New 3-layer polypropylene non-woven fabric. More water and dust resistant than cotton or polycotton covers.

Superior garage protection, quality tailored fit.

Naturally Moisture and Dust Resistant
Half the weight of our Technalon II cover, the Multibond cover is still very water resistant. Dense fibres keep out most dust and dirt.

Breathable
Unique 3-layer fabric construction sandwiches a moisture barrier containing short dense fibres which keeps out most water yet allows the passage of air.

Quick Drying
Since the fibres can't absorb moisture, the material dries rapidly.

Will Not Rot or Mildew
Even if folded and stored wet, the material will not rot or support the growth of mildew.

Will Not Scratch
Soft fabric finish protects against knocks and scratches.

Colour: Grey

Please state make and model of vehicle when ordering.

MAG-LITE

More than just a simple source of light a Mag-lite is superbly crafted and precision engineered to exacting standards from the finest aircraft grade aluminium. Mag-lite torches are powerful, efficient, reliable and tough enough to last a lifetime. Practicality however is not achieved at the expense of looks which explains why Fortune and Money magazines have named Mag-lite as one of America's finest products.

5 MAG-LITE D-CELL TORCHES

The panther head is the symbol of Mag, a reminder of sleek strength and powerful efficiency. A brilliant source of light,

Mag-Lite D Cell torches are a complex and balanced working relationship between lamp, reflector and power source. Designed to work hard in any environment all feature a self cleaning switch, superior metal contacts, high grade rubber O-ring seals to aid water and shock resistance, a spare bulb secured in the tail cap and a unique fast focus beam that adjusts from spot-to-flood with a twist of the wrist. All this adds up to the best and brightest torches that outshine all others.

Head Dia: 56mm, Barrel Dia: 41mm.

Mag-lite 3-D Cell (Batteries not supplied). Length: 310mm. – Black.

149 6120 OUR PRICE **£24.95**

New from Wonder Wheels - the best trim and tyre dressing kit you can buy

TRIM & TYRE

(500ml) 263 5730	OUR PRICE **£6.99**
(1000ml) 263 5731	OUR PRICE **£8.99**

without streaking!

Since winning awards for the best performing wheel cleaner on the market, Wonder Wheels have applied the same magic to produce the finest trim and tyre protectant to hit the scene.

Not only does it clean, protect and restore the new look to interior and exterior rubber, vinyl and plastic surfaces, a secret formulation ensures it will not leave unsightly milky streaks after it rains.

A special applicator together with a lint free cloth makes up part of the complete kit which gives you everything you need to achieve long lasting, perfect results no matter what the weather.

We want to make sure that you are completely satisfied with everything you order from our catalogue and with every aspect of our service. We constantly encourage our suppliers to improve the quality and update the specifications of their products, so when you sometimes find minor variations from the catalogue description you can be sure they're changes for the better. Please help us to help you by quoting the exact size and colour required wherever a choice is offered. You can be assured that we always do our utmost to hold our prices for the life of the catalogue. Unfortunately, due to circumstances beyond our control, such as VAT, inflation or currency fluctuations, prices do sometimes have to be changed. We must therefore reserve the right to alter prices at any time.

Gift Vouchers

Available by Mail Order and from Carnoisseur shops. Please enquire for details.

Our Policy

SATISFACTION GUARANTEED

We want you to be pleased with all the goods bought from Carnoisseur. If the goods sent to you are not acceptable for whatever reason, return the order in 14 days in a resaleable condition, carriage paid, and a refund will be issued.*

*Providing the goods returned have not been specially ordered or manufactured to meet your specific requirements.

This does not affect your statutory rights.

DELIVERY

All orders received before 12.00 noon are despatched the same day. (Some tailored products, for example car mats and car covers, are subject to delay. However, you will be notified if this is the case.) Charges are shown on page 3 of this catalogue and also on the order form opposite.

PRICES

In the past years most of our printed prices have been maintained for a full 12 months after the publication of the Carnoisseur Catalogue. Occasionally, however, cost changes are inevitable due to inflation and exchange rate fluctuations on imported goods. We therefore reserve the right to change prices without notice.

CARNOISSEUR CREDIT

As a registered credit broker, Carnoisseur are able to arrange credit on any product we sell, subject to a minimum of £100. Written quotation available on request. Available from shops and mail order.
Please see Page 176 for full details.

ORDER QUERIES

Please first check for our comments on all documents enclosed with your order. A quick telephone call to (01582) 471700 will in most cases be the simplest and most efficient way of answering any queries that may arise from your order. Please have ready the sales invoice supplied with goods and ask for the Customer Service Manager whose first responsibilities are to look after you.

BACK ORDERS

We endeavour to hold good stocks of most listed items at all times. Occasionally we are out of stock of certain items and, in these circumstances, we will inform you that this is the case and ask you to reorder within a certain time scale. We will not hold back orders. We will not charge you for goods out of stock.

LET US KNOW

If any aspect of our service has not met with your approval, we are anxious to know about it. Write to Philip Hammond, Managing Director, and your letter will receive our prompt personal attention.

VAT

All goods are priced **including** VAT at 17.5%. If the rate of VAT changes obviously our prices will change accordingly. Please remember our prices **include** VAT when comparing prices.

Ordering is easy

VISA MasterCard Maestro AMERICAN EXPRESS SWITCH

By Phone:

If you hold a valid credit card Telephone
01582 - 471700
Monday to Friday 8.00 a.m to 8.00 p.m.
Saturday 9.00 a.m. to 5.30 p.m.
We just need details of your order and credit card number including expiry date and where applicable issue number.

By Post – Guaranteed Delivery

Simply complete the order form opposite using bold block capitals, then send it (using our FREEPOST address shown below) with either full details of your credit card or cheque, postal / money order / bank draft - made payable to Carnoisseur.

CARNOISSEUR, FREEPOST LOL 1935, DUNSTABLE, BEDFORDSHIRE LU6 3YY (no stamp required)

IF YOU HAVE NO ORDER FORM:
When an Order Form is not being used, please be sure to give the following in block capitals:

A) Name and Full Address.
